Jeep Wrangler JK Universal Mic Mount Installation

This kit is designed to hold a CB microphone, 2 way radio and/or other items and mount the 2011-2018 JK Wrangler dash without drilling any holes.
(This mount will NOT fit 2007-2010 JK)

Kit Includes:

- 1 Mount Bracket (Black)
- 1 Motorola style mic clip
- 2 Button head screws
- 2 nylon insert lock nuts

Tools Needed:

- 8mm Long Socket Nut Driver
- Automotive Trim Pry Tool or Small Flat Blade Screwdriver

DO NOT BLOCK AIR BAG DEPLOYMENT WITH MOUNTS OR ELECTRONIC DEVICES!

Installation Instructions

Installation:

Use the pry tool or small screwdriver to pop the trim out of the grab handle. Take the long 8mm socket and remove the 2 grab bar mount bolts. Pull the grab bar out from the dash.

Place the mic mount bracket over the left mount tube of the grab bar. Slide the bar back into the dash.

Re-install the 8mm grab handle mount bolt. Pop the grab handle trim plate back in place.

Use: This mount bracket is designed to be used in many ways.

- CB Mic Clip
- Handheld Radio
- Mobile Phone Mount
- 1" swivel ball style accessory mount.
- GPS Mount

DO NOT BLOCK AIR BAG DEPLOYMENT WITH MOUNTS OR ELECTRONIC DEVICES!
