

High BioAvailability Hemp Extract 2.5% CBD Full Spectrum 25 mg/ml 10 ml

CONTAINS:

CBD content : 250mg Full Spectrum
 CBD % : 2.5% | Volume : 10ml
 Slow CO2 extraction of the THC content from organic hemp extract.

Type: GMO-free, Vegan, Lactose-free

CONTAINS:

100% natural products Full Spectrum hemp extract 2.5% from Swiss Bio-Suisse organic agriculture Water Gum arabic, registered in the additive approval ordinance under E414.

PRODUCED BY:

Swiss Organic Partners, Switzerland product of the EU. Bottled and, distributed by Eden Aromata Ltd UK.

STORAGE:

Store away from children, sunlight, heat and humidity.

RECOMMENDED USE:

It is best not to drink, eat or smoke approximately 5 m before or after using CBD. The product is considered as a food supplement with up to 4-8 times faster absorption & bioavailability than hemp extract oil. 1/2 ml in pipette of the liquid is enough as it has an equivalent performance of at least 250-100 mg of conventional Full Spectrum CBD oil. Add to drinks & beverages or edibles for daily use.

If you are using the measured pipet, then drop the right quantity in liquid or beverages. Ten drops are 1/2 ml & have 12.5 mg CBD but because of extremely high bioavailability that is equivalent to at least 50mg of oil-based type Hemp Extract.

The minimum recommended dose is 1/2 ml mixed with food or beverages for each application.

USING THE SPRAY/PUMP:

If you are using the spray, 10 ml bottle, it has 75 pump spray and therefore each spray/pump is equal to 2 mg of fast-acting high bioavailability CBD.
