

INTERIOR DESIGNERS SHARE THEIR TIPS ON HOW TASTEFULLY DECORATE FOR THE HOLIDAYS

A little goes a long way

You don't need bright red and green covering every inch of your home for it to read holiday. One way to keep things tasteful is to use a neutral color palette rather than a colorful one. I love incorporating wooden objects, felt garland, and miniature pine trees to transition my home for the holidays. I typically remove a few items from my open shelves and replace them with these neutral holiday pieces so my space doesn't appear cluttered. Texture and layers also create coziness, so swap out your throw pillows with softer fabrics like boucle and add a faux fur throw to complete the look. - [Elsie Home](#)
