COZY BEDROOM TIPS FROM 8 TOP DESIGNERS

START SLIDESHOW ▶

Oh the weather outside is frightful... well, you know the rest. To make your home feel extra delightful during the winter months, it's all about upping the cozy factor. Since our main living and dining areas are multi-purpose spaces, it's time to shift our focus to the bedroom — the one space in the house that is just for you.

We believe it's incredible important to have a bedroom space that is warm and inviting to foster a feeling of comfort and well-being. After all, it's where you start and end each day. We've tapped 8 top designers to share their bedroom designs tips. **Start the slideshow** and learn how to make your coziest bedroom yet.

RUE DAILY

Lauren Meichtry of Elsie Home

"The key to coziness in the bedroom is layering. Whether you like a moodier color palette for the fall or a lighter one, you can achieve warmth by layering pillows on your bed in a variety of prints. I also recommend playing around with size for a nice variety that can accommodate both sleep and lounging."
