Professional Aroma Grinder

12.2%* more aroma and consistently high grind quality over the entire service life are the defining features of the Professional Aroma Grinder. The perfected grinder geometry achieves the optimum grinding curve. So: A higher proportion of fine particles in the grounds guarantees that the flavours unfold to perfection.

In addition to the new grinder, the S8 still impresses with its variety and aesthetics. With its clear cut, sculptural design, the stylish S line exudes quality and precision in every way. It combines the best of the compact class with elements of the premium segment, including a hint of GIGA. It creates the full range of speciality coffees to an impressive standard of quality at the touch of a button. With state-of-the-art comfort thanks to its generous 4.3" touchscreen colour display, it is intuitively easy to operate.

Benefits

- Professional Aroma Grinder for ideal grinding results over the entire service life
- 4.3" touchscreen colour display with sophisticated operating concept for intuitive navigation
- Professional fine foam frother^{G2} for speciality coffees with the best milk foam quality
- One-Touch function for 15 speciality coffees – from espresso to latte macchiato
