THE ART OF LIVING

AMC34BI
OPERATION MANUAL

Congratulations, you are now the proud owner of an ARTUSI cooking appliance. Thank you for purchasing ARTUSI and welcome to the ARTUSI Family.

This instruction manual has been specially created to inform you of the full range of features your ARTUSI appliance has to offer and serves as an introduction to getting the very best out of your ARTUSI appliance.

We present detailed information on each of the features your ARTUSI appliance consists of. Once you have read this section you will be able to choose the most appropriate settings for your appliance when cooking different types of food.

We ask you to read the instructions in this booklet very carefully as this will allow you to get the best results from using your appliance. KEEP THE DOCUMENTATION OF THIS PRODUCT FOR FUTURE REFERENCE.

TO REGISTER YOUR PRODUCT WITH ARTUSI, PLEASE FILL OUT THE WARRANTY CARD AT THE END OF THIS BOOKLET AND POST IT TO: **REPLY PAID 83617**
LEICHHARDT NSW 2040

Dear Artusi Customer, please read this user manual carefully before using the product and, keep it permanently at your disposal.

Note: This user manual is prepared for more than one model. Some of the features specified in this Manual may not be available on your appliance.

All our appliances are only for domestic use, not for commercial use. Products marked with (*) are optional.

“THIS APPLIANCE SHALL BE INSTALLED IN ACCORDANCE WITH THE REGULATIONS FORCE AND ONLY USED IN A WELL VENTILATED SPACE. READ THE INSTRUCTIONS BEFORE INSTALLING OR USING THIS APPLIANCE”

“Conforms with the WEEE Regulations.”

1 safety instructions

- **Please read these instructions before operating the appliance and retain for future use.**
- The appliance is intended solely for domestic use within the home. Do not use corrosive chemicals or vapors in this appliance. This microwave oven is especially designed to heat. It is not designed for industrial or laboratory use.
- Do not attempt to operate this microwave oven with the door open since this can result in harmful exposure to microwave energy. It is important not to break or tamper with the safety interlocks.
- Do not place any object between the door of the microwave oven. Don't allow soil or cleaner residue to accumulate on the sealing surfaces.
- If the door or door seal are damaged, the microwave oven must not be operated until it has been repaired by a competent person.
- **Warning:** Liquids and other foods must not be heated in sealed containers since they are liable to explode.
- It is hazardous for anyone other than a competent person to carry out any service or repairs that involve the removal of the cover which gives protection against exposure to microwave energy.
- An electrical appliance is not a toy, and should therefore always be placed outside the reach of children. Children are not always able to understand potential risks. Teach children a responsible handling of electrical appliances.

- This appliance shall not be used by children from 0 to 8 years. This appliance can be used by children over the age of 8 and above if they are continuously supervised. This can be used by people with reduced physical, sensory or mental capabilities or lack of experience or knowledge, if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Keep the appliance and its cord out of reach of children aged less than 8 years.
- Cleaning and maintenance shall not be made by children.
- Children must not play with the appliance.
- Only use utensils suitable for use in microwaves.
- The microwave oven should be cleaned regularly and any food deposits should be removed.
- When heating food in plastic or paper containers, keep an eye on the microwave oven due to the possibility of ignition.
- When you see smoke, switch off and unplug the microwave oven. Keep the door closed in order to stifle any flames.
- Do not overcook the food.
- Do not use the microwave oven cavity for storage purposes. Do not store items, such as bread, cookies, etc. inside.
- Remove metal wire twisties and metal handles from paper or plastic containers/bags before placing them in the microwave oven.
- Install or locate this microwave oven only in accordance with the installation instructions.
- Eggs in the shell and whole hard-boiled eggs should not be heated in the microwave oven since they may burst, even after the microwave is shut off.
- Always carry out regular checks of the appliance and the power cord to ensure no damage is evident. Should there be any signs that the appliance or the power cord is damaged in the slightest degree, the entire appliance should be returned to the Customer Service Department. For your own safety, only use the accessories and spare parts from the manufacturer which are suitable for the appliance.

- Only use and store the appliance indoors.
- Do not use the microwave oven near water, in a wet basement/ garage or near a swimming pool.
-  **Attention!** Avoid touching hot surfaces, especially the inside of the appliance.
- Do not cover any vents of the microwave oven.
- Do not let the cord hang over the edge of the table or counter and keep it away from the heated surface.
- Failure to maintain the microwave oven clean could lead to deterioration of the surface that could adversely affect the life of the appliance and possible result in a hazardous situation.
- The contents of feeding bottles and baby food jars shall be stirred or shaken and the temperature checked before consumption, in order to avoid burns.
- Attention: heating of beverages in the microwave oven can result in delayed eruptive boiling. Therefore always place a plastic or ceramic spoon in the cup. Be careful when handling the container.
- The appliance is not intended to be operated by means of an external timer or separate remote-control system.
- Always use the appliance on a secure, dry, level surface.
- Before plugging into a socket, check that the voltage in your home corresponds with the voltage printed on the bottom of the appliance.
- Never leave the appliance unattended when in use.
- For your own safety, only use the accessories and spare parts from the manufacturer which are suitable for the appliance.
- Never unplug it from the socket by pulling on the cable.
- Always ensure that your hands are dry before handling the plug, switch or power cord.

- Should you decide not to use the appliance anymore, make it inoperative by cutting the power cord after removing the plug from the socket. We also recommend making all potentially dangerous parts of the appliance harmless, particularly for children who might be tempted to play with it.
- Before moving the appliance, make sure it is switched of. Use both hands when moving the appliance.
- Never immerse any part of the main body, lid, power cord and plug in water or any other liquid to protect against electrical hazards.
- If the appliance is used for other purposes than intended, or is it not handled in accordance with the instruction manual, the full responsibility for any consequences will rest with the user. Any damages to the product or other things are not covered by the warranty.
- Be careful with the following materials if they can be used in the microwave oven:

- aluminium foil	yes*
- paper	yes**
- cling film	yes
- aluminium tray	no
- microwave dishes	yes
- heatproof plastic	yes
- unglazed pottery	no
- metal cooking utensils	no
- ovenproof glass and ceramics	yes
- normal glass	yes

- metallic twists no
- plate with metallic decoration no
- mercury thermometer no
- closed jar no***
- bottle with narrow neck no
- roasting bags yes

* By covering thinner parts of foods (such as chicken legs), you prevent them from cooking too quickly.

** Use undecorated kitchen paper to cover food and to absorb grease.

***Remove the lid and make sure the jar is not heated too long. The jar may break.

-  Legislation requires that all electrical and electronic equipment must be collected for reuse and recycling. Electrical and electronic equipment marked with the symbol indicating separate collection of such equipment must be returned to a municipal waste collection point.

3 before first use

Before you use the appliance for the first time, please do as follows: Carefully unpack the appliance and remove all the packaging material. Keep the material (plastic bags and cardboard) out of reach of children. Check the appliance after unpacking for any damage, possible from transportation. Check that the voltage in your home corresponds with the voltage printed on the appliance and plug it in a socket. Follow the installation instructions in chapter 17 for installing the microwave oven. Clean the microwave oven and the accessories with warm water and a mild detergent. Rinse well and dry thoroughly.

Using the microwave oven may cause interference to your radio or TV reception. Place the microwave oven therefore as far away from such devices as possible. Do not place the microwave oven near a heat source.

4 setting the clock

As soon as the microwave oven is plugged in, it will display **0:00** and the buzzer will ring once.

- Turn the oven function knob to . The display shows **00:00**.
- Press the button , the hours will flash.
- Turn  to adjust the hour. The input should be between 0-23 (24 hour).
- Press the button , again, the minutes will flash.
- Turn  to adjust the minutes. The input should be between - 0-59.
- Press the button  again to confirm the time. The colon ":" will blink.

- If the clock is not set, it would not function when powered. The display will show 0:00.

- If you press the button  during the process of setting the clock the microwave oven will return to the previous setting.

5 setting the kitchen timer

- Turn the oven function knob to . The display shows **00:00**.
- Turn  and **00:00** blinks in the display. The kitchen timer can be set.
- Press the button , and the display shows 00:00.
- Turn  to adjust the cooking time. The maximum time is 95 minutes.
- Press the button  to confirm the setting.
- When the set time has ended, the buzzer will ring 5 times and the display will return to the current time.

6 cooking in the microwave

- Turn the oven function knob to . In the display **P100** flashes.
- Turn  to change the power. P100-P80-P50-P30-P10.
- Press the button , to confirm the power.
- Turn  to adjust the cooking time. The cooking time can be set from 0:05 to 95:00.
- Press the button  again to confirm the cooking time and start the microwave oven.

Microwave power	Application
P10 = 90 Watt	Softening butter or ice cream
P30 = 270 Watt	Soup, hotchpot or defrosting
P50 = 450 Watt	Hotchpot, fish
P80 = 720 Watt	Rice, fish, chicken, grounded meat
P100 = 900 Watt	Heating, milk, boiling water, vegetables, heating beverages

The step quantities for adjusting the time are as follows:

- 0-1 minute : 5 seconds
- 1-5 minutes : 10 seconds
- 5-10 minutes : 30 seconds
- 10-30 minutes : 1 minute
- 30-95 minutes : 5 minutes

7 convection with preheating function

Cooking with convection lets you cook the food as in a traditional oven. The microwave is not used. It is recommended that you should preheat the oven to the necessary temperature before placing the food in the oven.

- Turn the oven function knob to . In the display **130°C** flashes.
- Turn  to change the temperature. The temperature can be set from 130 to 220°C.
- Press the button  to confirm the temperature.
- Press the button  again to start the preheating. When the preheating temperature is reached, the buzzer will ring twice to remind you to place the food in the oven. The preheated temperature is displayed and will flash.
- Place the food in the oven, close the door and use  to set the desired cooking time. The maximum is 95 minutes.
- Press the button  to start the baking.

8 convection without preheating

- Turn the oven function knob to . In the display **130°C** flashes.
- Turn  to change the temperature. The temperature can be set from 130 to 220°C.
- Press the button  to confirm the temperature.
- Turn  to adjust the cooking time. The maximum is 95 minutes.
- Press the button  to start the baking.

9 grill

- Turn the oven function knob to . In the display **G** flashes.
- Turn  to set the desired grilling time. The maximum is 95 minutes.
- Press the button  to start the grilling.

Extra: If half the grill time passes, the oven will ring twice. This is normal. For a better grilling result, you should turn the food over. Close the door and press  again to continue grilling.

10 combination cooking

- Turn the oven function knob to  -  -  or . In the display blinks respectively **C-1**, **C-2**, **C-3** or **C-4**.
- Turn  to set the desired time. The maximum is 95 minutes.
- Press the button  to start the program.

Combination settings			
Display	Microwave	Grill	Convection
C-1	●	●	
C-2	●		●
C-3		●	●
C-4	●	●	●

11 quick start

- Press the button  to cook with full power (900 Watt) for 30 seconds. Each press on the same button increases the time with 30 seconds. The maximum is 95 minutes.
- or
- Press during the use of the microwave, grill, convection, combination setting and defrosting on time the button  to increase the cooking time full power with 30 seconds. When pressed repeatedly on the same button the time increases with 30 seconds.

12 defrosting

- Turn the oven function knob to  to **defrost by weight**. The display shows **dEF-1**.
- Turn  to select the weight of the food. The weight should be between 100 and 2000 gram.
- Press the button  to start defrosting.

- Turn the oven function knob to  to **defrost by time**. In the display appears **dEF-2**.
- Turn  to select the desired defrosting time. The maximum time is 95 minutes.
- Press the button  to start defrosting.

13 auto menu

- Turn the oven function knob to . In the display A1 blinks.
- Turn  to the right to select the desired menu and **A 1, A 2, A 3..... A 10** will be displayed.
- Press the button  to confirm the menu.
- Turn  to select the desired weight or portion in the menu.
- Press the button  to start the menu.

See the next page for the overview of the auto menus.

14 parental control

This microwave oven has parental control. You can block the control panel so your child can not accidentally activate the microwave oven.

Activating the lock-out:

Press the button  for 3 seconds. A long beep will sound and the indicator  lights up. The display will show the current time when set.

De-activating the lock out:

To deactivate the lock out, press the button  for 3 seconds. A long beep will sound and the indicator  disappears.

15 cleaning & maintenance

Before cleaning the microwave oven be sure to switch it off and unplug it. Leave the microwave oven to cool down completely.

Interior

Clean the inside of the appliance after every use. Use a damp cloth. For a thorough cleaning use warm soapy water and dry the interior.

Accessories

Clean the separate accessories such as the turntable, the roller stay and the grill rack with warm soapy water. These accessories can also be cleaned in the dishwasher. Thoroughly dry everything before using them again.

Exterior

Clean the exterior of the appliance with a damp cloth or sponge. If necessary use a mild detergent. Also clean the door and the door seal.

16 problems & solutions

Check the solutions below before contacting your supplier or our technical department in case of a problem.

Problem	Solution
The microwave oven does not start	Is the power cord plugged in? Is the fuse or circuit breaker blown?
The microwave oven does not heat	Did the door close correctly? Open the door and shut it well again.
The turntable makes noise	Clean the roller ring for the turntable and the bottom of the microwave oven.
The food is not well defrosted	Has the power and time been set correctly? Did you stir or turn the food at least once whilst defrosting?

17 installation instructions

- The safety during use can only be guaranteed when the hob is installed correctly and according to the regulations. The installer is responsible for any damage caused by a faulty installation.
- The electrical connection must be made by a qualified electrician. This person is aware of the national and local regulations the installation must comply with.
- The appliance falls under protection class I and can only be used in combination with a grounding conductor connection. The manufacturer accepts no responsibility for any malfunction or damage caused by incorrect electrical installations.
- The appliance must be connected to a fixed installation and the means of disconnecting it from the fixed installation must be installed according to the installation instructions.
- The connection cable must hang freely. Do not tie the power cable or pass it along sharp edges. It must be positioned so that it does not touch any of the hot parts of the microwave oven.
- The connection point, the wall socket and/or plug must always be accessible.
- The cabinet into which the microwave is fitted, must be heat resistant (> 75°C).
- Ensure that the cabinet into which the microwave oven is installed is secure. For example, by mounting it to the adjoining elements.
- Damage caused by incorrect connection, incorrect use or incorrect fitting is not covered by the guarantee.
Attention: any change to the appliance's interior, including fitting and changing the power cable, must only be performed by a qualified electrician.

ELECTRICAL CONNECTION

Check that the voltage in your home corresponds with the voltage printed on the appliance.

These groups in the meter must be secured with at least 16 amps each. The connection cable must have a cross-section of at least 2.5mm² and must have a length of at least 1.5 m. When the cable is too short, you have no room to already connect the oven and place it against the wall before plugging it in.

INSTALLATION DIMENSIONS

In the drawing below, all the dimensions are displayed in mm.

* not suitable for built-under

THE FITTING OF THE APPLIANCE

- Check that the cabinet and the space for the microwave oven meet the dimension and ventilation requirements.
- Slide the microwave oven in the cabinet. Note: Make sure the cable is not stuck and does not lie on top of the microwave oven.

- Open the door of the microwave oven. Use the provided screw to fasten the microwave oven to the cabinet and place the plastic cap on the screw.

- Close the microwave oven door and plug the appliance in.
- The microwave oven is now ready for use.

WARRANTY REGISTRATION

Your ongoing satisfaction with your artusi product is important to us. We ask that you complete the enclosed Warranty Registration Card and return it to us so that we have a record of the artusi product purchased by you.

PRIVACY

Worldwide Appliances respects your privacy and is committed to handling your personal information in accordance with the National Privacy Principles and the Privacy Act 1988 (Cth). A copy of the Worldwide Appliances Privacy Policy is available at www.artusi.com.au. Worldwide Appliances will not disclose any personal information set out in the Warranty Registration Card ("Personal Information") without your consent unless required by:

1. law;
2. any Worldwide Appliances related company;
3. any service provider which provide services to artusi or assist artusi in providing services (including repair and warranty services) to customers. Our purpose in collecting the Personal Information is

to keep a record of the artusi product purchased by you, in order to provide a better warranty service to you in the unlikely event that there is a problem with your artusi product. Worldwide Appliances may contact you at any one or more of the address, email address or telephone numbers set out in the Warranty Registration Card. Please contact artusi on 1300 694 583 should you not wish to be contacted by Worldwide Appliances.

WARRANTY

1. Warranty

Worldwide Appliances warrants that each artusi product will remain, for a period of either 12 months or 24 months of warranty. All Warranties are valid from the original date of purchase, And warranty claims must be accompanied by the proof of purchase.

24 months warranty products:

All Built-in Appliances – Limited to Ovens, Gas, Induction and Electric Cooktops, and All Rangehoods

Freestanding Cookers - Gas and Electric Models (900mm Width)

Dishwashers - Freestanding, Fully Integrated, Semi Integrated and built-in

12 months warranty products:

Freestanding Cookers - Gas and Electric Models in 50cm, 54cm and 60cm Widths

Portable Appliances* – Benchtop Models and Portable Gas Models

2. What is not Covered by the Warranty.

The Warranty does not apply if an artusi product is defective by a factor other than a defect arising in the manufacture of the artusi product, including but not limited to:

- (a) damage through misuse (including failure to maintain, service or use with proper care), neglect, accident or ordinary wear and tear (including deterioration of parts and accessories and glass breakage);
 - (b) use for purpose for which the artusi product was not sold or designed;
 - (c) use or installation which is not in accordance with any specified instructions for use or installation;
 - (d) use or operation after a defect has occurred or been discovered;
 - (e) damage through freight, transportation or handling in transit (other than when Worldwide Appliances is responsible);
 - (f) damage through exposure to chemicals, dusts, residues, excessive voltage, heat, atmospheric conditions or other forces or environmental factors outside the control of Worldwide Appliances;
 - (g) repair, modification or tampering by the purchaser or any person other than Worldwide Appliances, an employee of Worldwide Appliances or an authorised artusi service contractor*;
 - (h) use of parts, components or accessories which have not been supplied or specifically approved by artusi.
 - (i) damage to surface coatings caused by cleaning or maintenance using products not recommended in the artusi product handbook provided to the purchaser upon purchase of the artusi product;
 - (j) damage to the base of an electric oven due to items having been placed on the base of the oven cavity or covering the base, such as aluminium foil (this impedes the transfer of heat from the element to the oven cavity and can result in irreparable damage); or
 - (k) damages, dents or other cosmetic imperfections not affecting the performance of the artusi in respect of an artusi product purchased as a "factory second" or from display
- The Warranty does not extend to light globes used in artusi products.

3. Domestic Use

Each artusi product is made for domestic use. This Warranty may not extend to artusi products used for commercial purposes.

Continued over...

4. Time for Claim under the Warranty

You must make any claim under this Warranty within twenty eight (28) days after the occurrence of an event which gives rise to a claim pursuant to the Warranty, by booking a service call on the telephone number below.

5. Proof of Purchase

Customers must retain proof of purchase in order to be eligible to make a warranty claim in respect of an artusi product.

6. Claiming under the Warranty

Customers will bear the cost of claiming under this Warranty unless Worldwide Appliances determines the expenses are reasonable, in which case the customer must claim those expenses by providing written evidence of each expense to Worldwide Appliances at the address on the Warranty Registration Card.

7. Statutory Rights

(a) These terms and conditions do not affect your statutory rights.

(b) The limitations on the Warranty set out in this document do not exclude or limit the application of the consumer guarantees set out in the Act or any other equivalent or corresponding legislation in the relevant jurisdiction where to do so would:

(i) contravene the law of the relevant jurisdiction; or

(ii) cause any part of the Warranty to be void.

(c) Worldwide Appliances excludes indirect or consequential loss of any kind (including, without limitation, loss of use of the artusi product) and (other than expressly provided for in these terms and conditions) subject to all terms, conditions and warranties implied by custom, the general law, the Act or other statute.

(d) The liability of Worldwide Appliances to you

for a breach of any express or non-excludable implied term, condition or warranty is limited at the option of Worldwide Appliances to:

(i) replacing or repairing the defective part of the artusi product;

(ii) paying the cost of replacing or repairing the defective part of the artusi product;

(iii) replacing the artusi product; or

(iv) paying the cost of replacing the artusi product.

(e) Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

8. Defects

Any part of an artusi product deemed to be defective and replaced by Worldwide Appliances is the property of Worldwide Appliances. Worldwide Appliances reserves the right to inspect and test artusi products in order to determine the extent of any defect and the validity of a claim under the Warranty.
