## 369 L White Frost Free Fridge

**Everfresh+® Crisper** - Humidity is precisely controlled and condensation reduced via air channels, temperature variations minimised, so your fruit and vegetables stay crisp and fresh for up to 3 times longer than normal\*.

\*Tested by SGS (compared to standard crisper for broccoli and lettuce)

**Active Fresh Blue Light** - Beko's Active Fresh Blue Light™ technology will protect vitamin C intensity in vegetables and keep the natural flavours and nutritional elements in your food intact. This means your fruit and vegetables are up to 30%\* better preserved.

\* Tested by FRPERC and TÜBITAK (compared to standard crisper for tomatoes, red and green pepper)

**Reversible Doors** - If you're restricted on where you can place your appliance in your home, the reversible doors on this model offer a convenient solution.

**Active Seal Guard** - You won't need to worry about bacteria coming into contact with your food and spoiling it, thanks to the hygienic door seals on this appliance which are designed to prevent bacteria from forming and entering the fridge.

**LED Illumination** - Find each of your grocery favourites easily thanks to our internal LED lighting which offers brighter, more durable and energy efficient lighting than standard appliances.
