Refrigeration

Streamlined simplicity

A fridge should be a statement in your kitchen and Electrolux makes sure it's one of the most striking features in your kitchen. Ours are available in dark or natural stainless steel finishes for a seamless and elegant look.

Stylish and smart

High quality, mark-resistant real stainless steel, now available in a new chic dark hue or classic bright stainless steel, lends a touch of class to any kitchen. Inside, the generous interior marries innovation and style in equal measure.

Power saver

Electrolux continues to lead the way with class leading energy efficiency, keeping your energy bills down, without compromising on performance.

Keep it cool

The fridge door is one of the most opened in any household, which is why we came up with TasteGuard technology to help maintain the perfect temperature inside your fridge. It automatically detects when it needs to begin cooling, keeping the temperature down to lock the freshness in.

French door features

Intuitive door design

With optimally split doors you have more usable space in your refrigerator door and can effortlessly reach for larger items, saving you the need to open both doors every time.

Fresh is best

Our innovative TasteLock crispers automatically control the humidity levels to keep your fruit and vegetables at their best for longer. While Easy-glide crisper drawers open effortlessly, even when they're full.

Thirst-quencher

Like a cool glass of pure, filtered water on cubed, or crushed ice? Your fridge is there to deliver, any time of the day or night – at the touch of a button. And you'll find the compact ice maker makes hot summer days or dinner parties a breeze.

Smart on space

The thoughtful Slide-back and Flip-up shelving means you can store that two-tiered birthday cake for the big moment, no problem.

SnackZone

The SnackZone is the ideal compartment for keeping those smaller ingredients separate for easy access such as fruit for your morning smoothie allowing you to be prepared before the week begins.

A place for everything

Whether you are preparing the perfect frozen dessert or need that extra drink space, we make sure that your refrigerator is the ultimate secret to the perfect night of entertainment. At the touch of a button, the FlexFresh fully convertible entertainer's compartment can be adjusted from -23°C to +7°C*, with 5 predefined settings so that you can enjoy food at its finest.
