### BENEFITS

---

**Fan forced for even cooking**  
When it comes to cooking, one of the biggest is even heat distribution over your dishes. By using fan forced cooking you are able to create an even cooking result.

**Handy separate grilling compartment**  
Cook for the whole family. Grill and bake at the same time while keeping different cooking flavours and smells apart.

**More versatility with variable zones**  
Sometimes you are cooking for two and other times it's for five. With Dual Zone functionality you are able to adjust to your chosen pot or pan size with ease.

**Set for 2 hours and it will ring**  
The mechanical timer keeps track of your cooking time for 2 hours with a ringer to let you know you are ready to restart the timer or finish your dish.

**Clean your shelf supports with ease**  
When it comes to cleaning your oven we want it to be fuss free, given the design of our shelf supports you can clean the sides of your oven with ease as there are no racks to be removed.

**Built in Australia**  
Westinghouse, has been the heart of the home for generations and the kitchen appliance brand we have always known and trusted to build reliable products. This oven is built in a local factory in Adelaide.
