

## Bar fridges and freezers

Here are just a few reasons why a Westinghouse bar fridge or freezer would be a great addition to your home:

### Great combination

Combine the bar fridge and freezer to make a 'Pigeon Pair' or stand alone.

### Mix 'n' match

Reversible doors let you choose which direction the door opens to fit your space better.

### Easy clean silver doors

Life can be messy, but with Westinghouse's easy clean silver doors, you won't have to worry. A quick wipe with a damp cloth should be all you need to keep your bar fridge looking its sleek and stylish best.

### A perfect hideaway

Hides neatly under benches or doubles as a handy table top for additional workspace.

### R600a Refrigerant

Westinghouse is committed to caring for the environment. That's why all of our refrigerators have started converting over to use the less harmful R600a refrigerant. So now your family refrigerator can quietly play its own part in reducing your household's impact on the environment.
