

JQ280BL

29L Crisp & Grill Microwave

FEATURES & BENEFITS

6TH SENSE™ CRISP

The 6th SENSE™ Crisp function harnesses 3D Crisp technology to cook perfectly golden baked goods that are crisp and brown on the top and bottom, without overcooking the inside. Achieving the effect of a traditional oven with less time and effort.

6TH SENSE™ STEAM

The 6th SENSE™ Steam function uses advanced sensor technology to monitor and adapt the cooking process, ensuring food preserves its texture and nutritional value while being steamed quickly and more easily.

3D MICROWAVE DISTRIBUTION SYSTEM

A Revolutionary system that delivers even heat circulation using full 3-dimensional microwave distribution. Meaning that your food is always cooked evenly and thoroughly.

JET MENU DEFROST

An innovative technology that defrosts 7 times faster than a conventional microwave oven. This feature directly microwaves the water molecules inside the food and evenly defrosts from the inside.

QUARTZ GRILL

The Quartz Grill uses less energy, but heats up faster (in 60 seconds), preparing food 3 times faster than a traditional infrared grill. The grill can also burn away any food and dirt residue, making it self-cleaning.

FORCED AIR

This technology forces hot air into the cavity and cooks without using the microwaves, just like a traditional oven.

CHEF MENU

Pre-set programs to make cooking a completely intuitive experience.

TECHNICAL SPECIFICATIONS

MAIN COLOUR FINISH	Black
DIMENSIONS	W 548mm x H 333mm x D 525mm
CAPACITY	29L
DISPLAY	LCD
CAVITY TYPE	Magic Clean
TURNTABLE	320mm
MICROWAVE POWER	950w
GRILL POWER	1050w
CONVECTION	1350w
FEATURES	6 th SENSE Chef Menu Crisp Quartz Grill 3D Distribution Steam Forced Air Bread Defrost
ACCESSORIES SUPPLIED	Crisp Tray Crisp Handle Grill Stands Steamer Bowl
POWER	10amp Plug and supplied
PACKAGED WEIGHT	24.9kg
WARRANTY	Two years parts and labour
