User Guide and Instruction Manual

WARNING: Read all instructions carefully before using this sauna. This product should always be used with care.

Congratulations on your purchase of our personal foldable sauna, another one of our personal care products. We appreciate your business and we hope that you are completely satisfied with your purchase. If you have any issues please reach out to us.

This unique high quality personal steam sauna has exclusive beneficial features, and can be used in the privacy of your home or apartment. It's design includes the most desirable features that expensive high end saunas have.

Steam is water in a gas form, this happens when water boils at 160-212 °F (71-100°C). The steam is very hot to touch and can burn you, please use care when entering/exiting the sauna while the steamer is on.

What's Included

- Sauna Tent Frame
- Tent Bag for Storage
- Steam Generator
- Waterproof Pad
- Steam Hose
- Foldable Chair
- User Manual

To Assemble

1. Unfold the sauna tent slowly with a firm grip. *(Picture 1)*

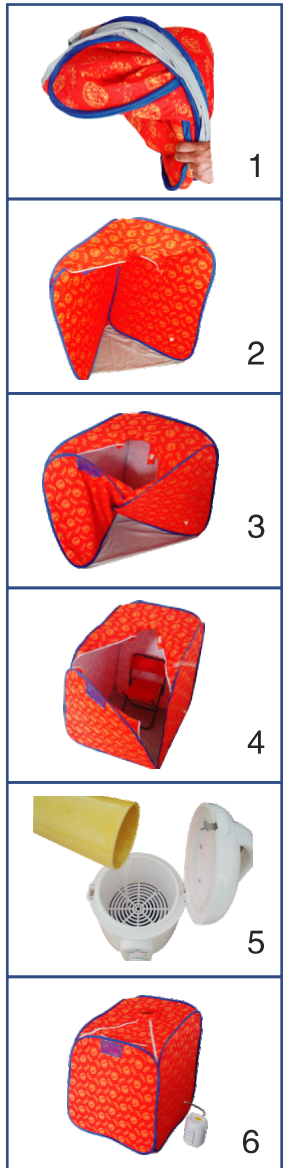

2. Continue to unfold the sauna tent until it is standing. *(Picture 2)*

3. Once fully opened you can unzip the tent and place the waterproof pad smooth side on the floor. *(Picture 3)*

4. Place the chair in the center of the sauna tent. *(Picture 4)*

5. Fill the steam generator compartment with water up to the maximum water level indicator. *(Picture 5)*

6. Connect the generators steam pipe to the steam sauna. You can now connect the power plug into a wall outlet or surge protector. *(Picture 6)*

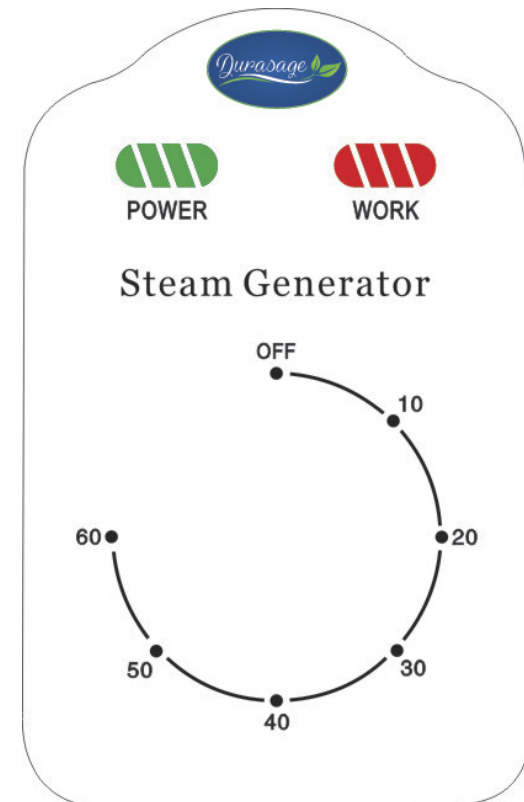

Instructions for the Steam Generator

1. Fill the generator compartment with water up to the maximum water level indicator. At this point you can add your favorite aromatherapy oils.
2. Connect the generators steam pipe to the steam sauna. You can now connect the power plug into a wall outlet or surge protector.
3. Be sure to adjust the steam pipe so that it is pointing in a safe direction away from your body.
4. To turn on the generator, please rotate the dial to your desired time. The maximum time is 60 minutes.
5. The generator will start producing steam within 5-10 minutes.

Steam Generator Face Plate

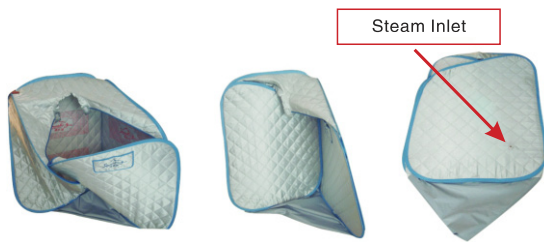

To Clean and Store

Open the zipper to ventilate and cool. After each use, remove any condensation or perspiration from the interior of the unit with a clean damp cloth before folding the tent. Do not use any cleaning agents or solvents.

1. Remove the waterproof pad from the bottom of the tent floor before folding the tent.

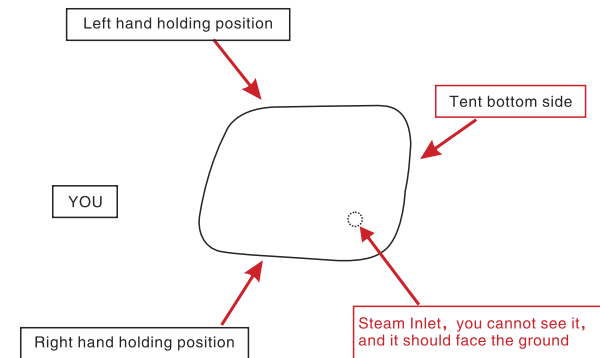

2. Push the left bottom corner to the diagonal corner (pushing inwards towards the corner) and the tent will fold down flat on the ground with the steam inlet on top.

3. Fold the excess material from the top and bottom inside the tent for a slim profile for easy storage.

4. Place the tent with the top facing you and the side with steam inlet facing the ground.

5. Using your left hand to hold the left side about 1/3 of the way on the tent and using your right hand to hold the right side about 1/3 of the way on the tent. Pull with your right hand while the left hand pushes the tent like a figure 8, you will start to see a small circle and a larger cricle form.

Continued on the next page →

6. Using your left hand to hold the twisted tent at the cross point (8), use your right hand to turn the corner of the bigger “circle” on top of the smaller “circle”. This will align the “circles” creating a uniform shape. Please not the steam inlet should be facing the outside.

7. Please hold the folded tent and place inside the tent bag for storage or bring it with you.

WARNINGS AND PRECAUTIONS

1. This is a product for relaxation and rejuvenation. This product is not intended for use by persons with reduced physical, sensory, or mental capabilities. If you are under 18 years of age, elderly, or infirm, you should consult with a healthcare professional before using this product.

2. If you are pregnant, or have diabetes, a pacemaker or defibrillator implant, a blood-based disorder, a skin disease, a respiratory condition, a heart condition, high or low blood pressure, any medical condition or are under medical care, you should consult with a healthcare professional before using this product.

3. Stop using the Sauna immediately if you feel uncomfortable, dizzy, or sleepy.

4. Staying in the Sauna too long may cause overheating. Initially it is recommended that the sauna be used no more than 30 minutes per session by any one user.

5. It is recommended to stay well hydrated with water and replace electrolytes lost during perspiration.

6. Do not use in or around water due to the danger of electrical shock. This product is designed for indoor use only.

7. Do not position this Sauna near sources of heat or electromagnetic radiation such as radiators, heat registers, stoves, television sets or magnetized objects.

8. Sharing power sources with unrelated products, overloading power cords and strips and using non-standard power sources are not recommended.

9. If smoke is ever detected from this product, immediately unplug from the outlet and contact the Customer Service Department at Angels Investments during standard business hours.

10. It is not recommended to sit fully inside the sauna. It is designed to keep your head outside the tent while using a chair to sit inside.

WARRANTY

Angels Investments LLC (“Durasage”) warrants that its products will be free from defects in workmanship and materials under normal use for the period listed below (the “Limited Warranty Period”).

One Year Limited Warranty Period: One and a half Year (1.5) from original purchase date

All Electronic Durasage Products unless otherwise stated.

During the Warranty Period, Durasage will repair, replace, at no charge, products or parts of a product that proves defective because of improper material or workmanship, under normal use and maintenance.

What does this limited warranty not cover?

- Normal wear and tear of product use
- Misuse, lack of care, mishandling, accident, abuse, or other abnormal use
- Use of the Product other than for its intended purpose
- Damage caused by improper or unauthorized repair or maintenance
- Product that has been modified or altered
- Any product that is not manufactured by Durasage
- Any Product that is not purchased from a Durasage authorized retailer

CLAIMS

Claims must be initiated during the Warranty Period. Claimant will be required to provide proof of purchase and the date of Product purchase (unless the Product was registered at the time of purchase) and may be required to return the Product or component to Seller at Claimant’s expense).

To initiate a claim, please scan the QR code below to send us a message.
