Personal Steam Sauna

WARNING: Read all instructions carefully before using this sauna. This product should always be used with care.

Congratulations on your purchase of our personal steam sauna, another one of our personal care products. We appreciate your business and we hope that you are completely satisfied with your purchase.

This high quality portable steam sauna with exclusive beneficial features, a great value and can be used in the privacy of your home apartment or any safe environment.

Steam is water in a gas form, this happens when water boils at 160-212 °F (71-100°C). The steam is very hot to touch and can burn you, please use care when entering/exiting the sauna while the steamer is on.

What's Included

- Quilted Polyester Frame Cover
- PVC Frame Pieces
- Steam Generator
- Folding Chair
- Steam Pipe
- Manual

Precautions

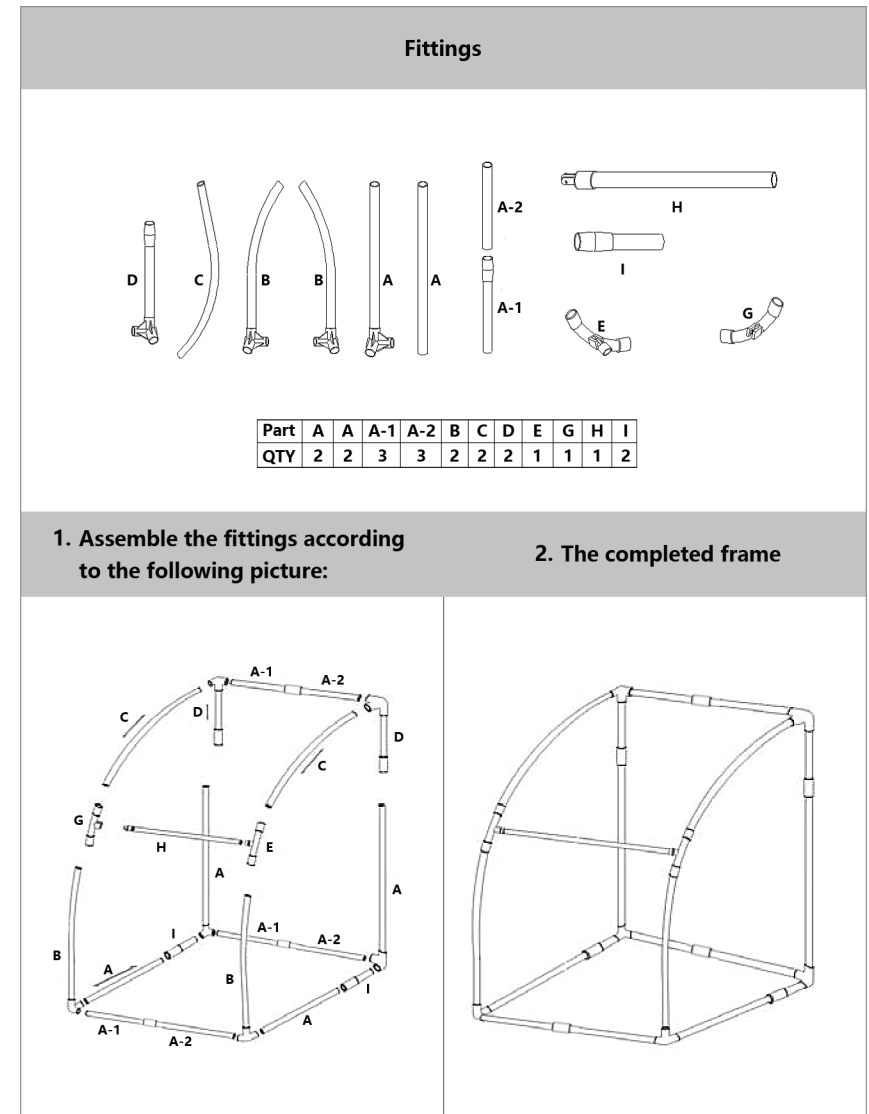

- Before using this appliance, please read this manually carefully and keep it for future use.
- Please use care as hot steam is produced and can cause burns
- Please keep children away from the steamer during operation and after using it while it cools down
- Be sure to set up the steamer in an area where you can safely enter the tent and where you can access the steamer
- Use care when entering/exiting the steam sauna while the steamer is on
- Do not touch the steamer with wet hands or feet when it is plugged in to the wall
- The steamer connection tube should be properly secured before you turn on the steamer
- Please adjust where the steam enters the tent, the Y splitter should be facing away from you before you start the steamer

*** There is a visual user guide included which you can use for a reference while you put the frame together. ***

Assembly Instructions

1. Assemble the frame as directed in the diagrams. Once the frame is built you will then place the cover over the frame. Completely zip up the entire cover.
2. Fill the generator compartment with water up to the maximum water level indicator. At this point you can add your favorite aromatherapy oils.
3. Connect the generators steam pipe to the steam sauna. You can now connect the power plug into a wall outlet or surge protector.
4. Set the timer to your desired time limit, be sure to adjust the steam pipe so that it is pointing in a safe direction away from your body.
5. The generator will start producing steam within 10-15 minutes.
6. Place a suitable non-upholstered chair inside the sauna, sit down and enjoy your personal steam sauna!
7. After use always wipe down the inside cover with a dry cloth, never put the sauna away while it is damp. (Mold and mildew will appear if you do not keep the interior dry when not in use.)

Instructions for the Steam Generator

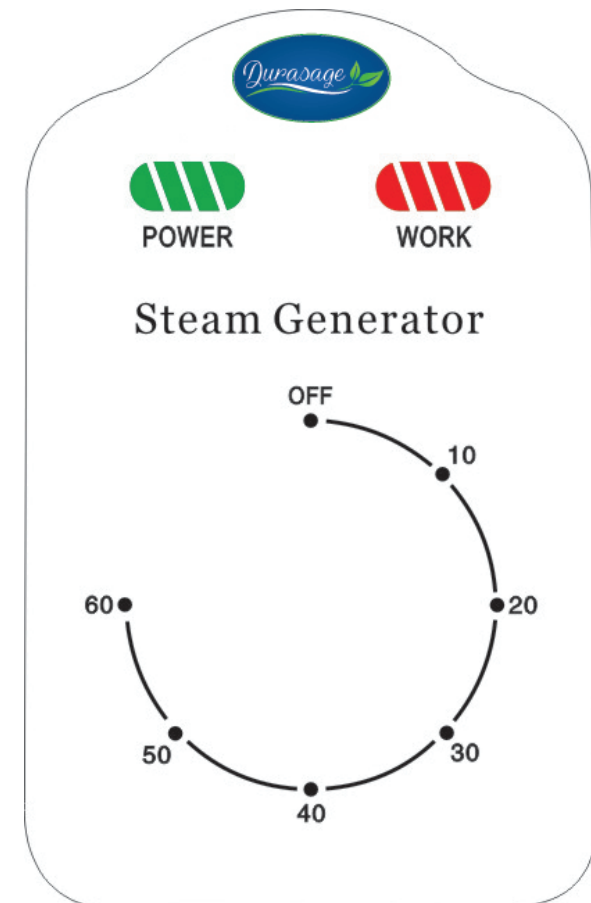

1. Fill the generator compartment with water up to the maximum water level indicator. At this point you can add your favorite aromatherapy oils.
2. Connect the generators steam pipe to the steam sauna. You can now connect the power plug into a wall outlet or surge protector.
3. Be sure to adjust the steam pipe so that it is pointing in a safe direction away from your body.
4. To turn on the generator, please rotate the dial to your desired time. The maximum time is 60 minutes.
5. The generator will start producing steam within 10-15 minutes.

To Clean and Store

Open the zipper to ventilate and cool. After each use, remove any condensation or perspiration from the interior of the unit with a clean damp cloth. Do not use any cleaning agents or solvents.

Please unplug generator when not in use.

Steam Generator Face Plate

5. WARRANTY

Angels Investments LLC ("Durasage ") warrants that its products will be free from defects in workmanship and materials under normal use for the period listed below (the "Limited Warranty Period").

One Year Limited Warranty Period: One and a half Year (1.5) from original purchase date

All Electronic Durasage Products unless otherwise stated.

During the Warranty Period, Durasage will repair, replace, at no charge, products or parts of a product that proves defective because of improper material or workmanship, under normal use and maintenance.

What does this limited warranty not cover?

- Normal wear and tear of product use
- Misuse, lack of care, mishandling, accident, abuse, or other abnormal use
- Use of the Product other than for its intended purpose
- Damage caused by improper or unauthorized repair or maintenance
- Product that has been modified or altered
- Any product that is not manufactured by Durasage (including, without limitation, any non-Durasage product that is used in connection with the Product ie Durherm)
- Any Product that is not purchased from a Durasage authorized retailer

6. CLAIMS

Claims must be initiated during the Warranty Period. Claimant will be required to provide proof of purchase and the date of Product purchase (unless the Product was registered at the time of purchase) and may be required to return the Product or component to Seller at Claimant's expense).
