

# REACH 211 PRODUCT DECLARATION

On June 1, 2007, the European Union Regulation (EC) 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) entered into effect. This Regulation establishes specific duties and obligations for companies in the European Union (EU) that manufacture and import substances on their own, in preparations, or in articles.

Roughly every 6 months the European Chemicals Agency (ECHA) will update the REACH Candidate List. In each update, a number of new Substances of Very High Concern (SVHCs) will be added. Hence, the total number of SVHCs on the Candidate List increases on a regular basis, currently set at **211**.

<https://echa.europa.eu/candidate-list-table>

Article 33 of REACH requires supply chain participants to communicate the presence of Substances of Very High Concern (SVHC) over 0.1% by weight in their products. SVHC are identified on the Candidate List by the European Chemicals Agency (ECHA).

Based on information from our suppliers, we declare to the best of our knowledge that Miromar LLC products and packaging material do not contain any SVHCs as of the January 19, 2021 REACH directive.

Miromar LLC does not assume, and expressly disclaims, any responsibility or liability for any failure of the product to meet this REACH Product Declaration.

The user shall determine the suitability of the product for its intended use, and the user assumes all risks and liability for subsequent use.
