4'x6' and 4'x8' goals**

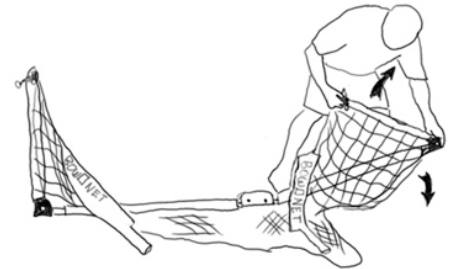

4'x8' Bownet Soccer Goal Shown

1. Place double hinge on ground with net spread out away from you. Open one half of frame resting it on the ground.

2. Lift side of frame until hinge locks (clicking sound)

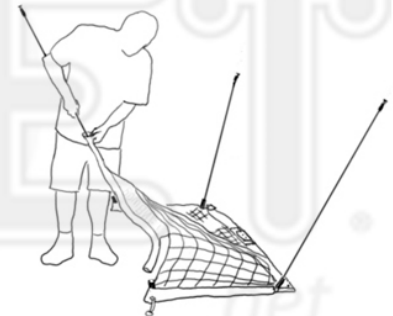

3. Repeat on other half of frame. All four hinge buttons must be locked.

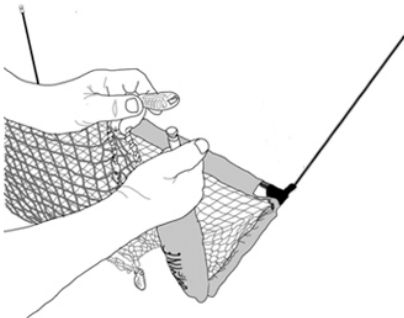

4. Lay the frame on the ground with the rubber feet down and the four tubes up

5. Take 2 of the four Black Poles and slot them into the 2 rear tubes.

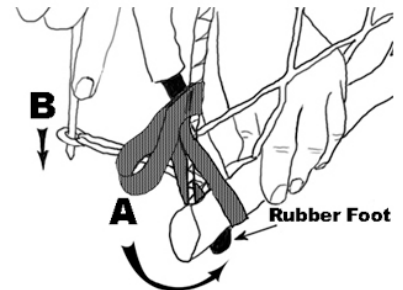

6. Feed the 2 remaining Poles down the Nets orange 'front posts' sleeves and slot them into the front tubes.

7. Take the 2 front Plastic Quick Clips and place over the tops of the front Poles.

8. Repeat with rear Plastic Quick Clips holding Poles and Net firmly.

9. Finally take black Loops (A) and place under Rubber Feet. (B) Stake the Net on Grass or use Bowbags on Turf (not supplied)
