BUYER'S GUIDE

SUPERNOVA

*Top Blower
Installed*

*Top Cover
Installed*

Highlighting our commitment to innovation G-FORCE Racing Gear proudly introduces the SuperNova helmet; our first full carbon fiber helmet. It has a **100% T800 carbon fiber shell** which keeps the weight **under 3 pounds** in any configuration. Extra large eye port and memory foam ear liner pads are included!

Meant to be adaptable to a wide variety of racers and their specific needs the SuperNova features two **top cover options** that can be replaced on the fly without the need for any tools. If you prefer standard cooling vents or the top blower for your forced air system, the SuperNova has you covered either way.

The removable and **adjustable Comfort Blend Liner** also provides many possibilities for individualized customization with a variety of sizing pads. The liner is wrapped in the unbelievably soft knit material which has the subtle added benefit of TrackPAT, a unique knit print that helps to break up the solid color along your peripheral vision to keep your on-track focus laser sharp.

With additional features such as a Kevlar chin strap, polycarbonate shield, M6 threaded head-and-neck restraint anchors and the largest eyeport in our helmet line, the SuperNova full carbon fiber helmet will have you ready for the next podium finish!

The G-FORCE Racing Gear Snell SA2020 helmet line introduces exciting new top-of-the-line options while maintaining and updating our remarkable classic lines. We are working even harder to continue to offer the superior quality, innovation, and value that G-FORCE Racing Gear has always delivered!

New for 2020 is the full T800 Carbon Fiber SuperNova full-face helmet: offering super lightweight performance and all the options you demand in a premium racing helmet.

The NOVA full face and open face models provide the same features as the SuperNova in a fine crafted composite shell, giving you improved performance at an affordable price.

We've also brought back a long time favorite in a new fashion: the Rift Carbon. Based on our entry level Rift helmet but with a Carbon composite construction. In addition to the weight reduction over the standard Rift, the unique hex pattern Carbon design stands out in the pits and on the track.

For the junior racers we've developed the SFI 24.1 rated Rookie, the lightest junior helmet currently on the market. With an average weight under 2.4 lbs and fit pads that allow for adjustment as your child grows, the Rookie brings an incredible racing experience with a great value.

And with our popular Rift, Revo, and GF1 models updated to the SA2020 standard, we've got all of your helmet needs covered.

GF125

- ✓ Single Layer
- ✓ One piece, jacket and pants
- ✓ Pyrovatex® Fabric
- ✓ TPP rating of 10

The GF125 Single Layer suit continues to be an outstanding part of the G-FORCE Racing Gear suit line. The GF125 is the definition of quality, innovation, and value in the SFI 3.2A/1 suit category.

The award winning GTex construction that has been used in all G-FORCE Racing Gear suits has been utilized to manufacture the GF125 at standards that exceed the SFI 3.2A/1 specifications.

The SFI 3.2a/1 tag is included and has been moved to the left arm cuff so that tech inspectors can easily see the certification. The single layer of this suit is made with Pyrovatex® fabric to achieve the TPP rating of near 10.

GF525

- ✓ Multi-Layer
- ✓ One piece, jacket and pants
- ✓ Pyrovatex[®] Fabric
- ✓ TPP rating of 21

The award winning GTex construction that has been used in all G-FORCE Racing Gear suits has been utilized to manufacture the GF525 at specs that exceed the SFI 3.2A/5 specifications. The SFI 3.2a/5 tag is included and has been moved to the left arm cuff so that tech inspectors can easily see the certification.

The multi-layers of this suit have been produced with a proprietary blend of Pyrovatex[®] fabric and classified materials to achieve the TPP rating of 21. The inner layer of the GF525 is a comfortable bend that wicks moisture from the skin while providing a breathable feel.

As the pictures show, the GF525 is made with an attractive semi-gloss finish. The distinctive material will help any driver stand out and be noticed. The clean color styles of the GF525 give a finished look to attract both fans and potential sponsors.

CUSTOM SUIT

- ✓ SFI 3.2a/5 & SFI 3.4
- ✓ Multiple options, colors and combinations!

G-FORCE Custom Racing Suits ensure you of that perfect fit while you're tearing up the track.

Let us clue you in on what makes our custom suits so special...

- ✓ Built to your exact dimensions to ensure a perfect fit both in and out of the car.
- ✓ In-depth embroidery for exact sponsor logo appearance and placement.
- ✓ Sateen Nomex® colors available in a wide variety for color matching.
- ✓ Mix and match options for a race suit that fits your needs.
- ✓ A custom-made driving suit commands attention at the track for added exposure.
- ✓ Break out of the off the shelf blues with a custom made, unique driving suit.

FLAME RETARDANT UNDERWEAR

#4160
Open

#4161
Open

Flame-retardant underwear is essential for providing the last line of defense in a fire. The extra layer of flame retardant material is an item that no driver should ever have to use, but, if you need it, you will be glad you have it.

The soft knit is hypoallergenic and more comfortable on the skin than the old standby. The double stitching provides added durability.

G5 GLOVE

The G5 RaceGrip gloves are designed for those who require the stringent SFI-5 standard while providing excellent grip and feel the racer needs.

Constructed of soft comfortable knit Aramid and calfskin with reinforced leather palm and knuckle pad. An adjustable wrist closure provides for customizable fit.

The G5 gloves are lined with a flame-retardant fabric that wicks moisture away from your hands while maintaining that unique RaceGrip feel.

PART #	4101
SIZES	CSM - XXL
COLOR	BK / BU / RD

GF235 MIDTOP

The GF235 is our most popular racing shoe and is built with top quality suede leather and an exclusive RaceGrip sole. The shoe is lined with flame-retardant cotton to keep your feet cool in hot racing conditions and extra comfort is provided by a comfort innersole with arch support.

The RaceGrip sole is manufactured from a high grip rubber compound and a low-profile beveled sole that keeps the shoe from catching on the pedals.

PART #	0235
SIZES	3, 4, 5, 6, 6.5, 7, 7.5, 8, 8.5, 9, 9.5, 10, 10.5, 11, 11.5, 12, 13, 14
COLOR	BK / BU / RD

GF239 ATLANTA

To highlight the premium end of our footwear lineup G-FORCE Racing Gear offers the GF239 ATLANTA Shoe. The GF239 is constructed from a soft knit interior liner and a supple suede outer layer to make for a comfortable driving experience.

The GF239 features a RadialGrip low profile beveled sole to reduce any chance of snagging on the pedals. The back of the shoe features a U-Cut channel to allow a full range of ankle and foot movement while in the car. These shoes comply with all SFI 3.3A/5 requirements.

PART #	0239
SIZES	5, 6, 6.5, 7, 7.5, 8, 8.5, 9, 9.5, 10, 10.5, 11, 11.5, 12, 13, 14

LIMITED WARRANTY

G-FORCE Racing Gear - (Collectively referred to as the "Warrantor") will repair or replace these products with new or refurbished parts, free of charge in the USA within 30 days of the original purchase in the event of a defect in materials or workmanship. Warranty is extended only to the original purchaser. A purchase receipt or other proof of date of original purchase will be required before warranty service is rendered.

The Warranty only covers failures due to defects in materials or workmanship that occurred during normal use and does not cover normal maintenance, including but not limited to, normal wear and tear of the product incurred during its intended use. It does not cover damage which occurs during shipment of failures which are caused by products not supplied by the Warrantor or failures which may result from accidents, misuse, abuse, neglect, mishandling, misapplication, alteration, faulty installation, set up adjustments, modifications or commercial use, or other business or rental use of the product or damage which is attributable to acts of God.

LIMITS AND EXCLUSIONS

There are no express warranties except as listed above. THE WARRANTOR SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OF WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE APPLICABLE WARRANTY AND SET FORTH ABOVE. Some states do not allow the exclusion of limitation of incidental or consequential damages, or limitations on how long an implied warranty lasts, so the above exclusions or limitations may not apply to you. This Warranty gives you specific legal rights and you may also have other rights that vary from state to state. If a problem with this products develops during or after the warranty, you may contact the Warrantor at the following address: 4231 Southside Drive, Suite 300, Acworth, Ga 30101, U.S.A.

Repair work that does not involve defective materials or workmanship is not covered by this Warranty. Costs of such service, including shipping charges, are the responsibility of the Purchaser.

MOTOR RACING IS EXTREMELY HAZARDOUS. DEATH OR INJURY WILL OCCUR. THE PRODUCTS WE SELL HAVE NO WARRANTY OR REPRESENTATIONS MADE WITH ABILITY TO PROTECT AGAINST INJURY OR DEATH. THE USER ASSUMES THAT RISK. ALL OF THE ITEMS WE SELL ARE FOR OFF ROAD USE ONLY AND ARE NOT APPROVED OR RECOMMENDED FOR STREET USE. G-FORCE RACING GEAR IS NOT RESPONSIBLE OR LIABLE FOR ERRORS OR OMISSIONS. PRICES SUBJECT TO CHANGE.
