

HOW TO FIT YOUR EVENTER SERIES VEST

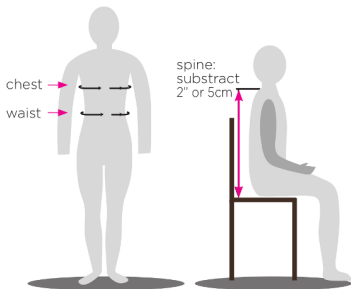

To ensure your Tipperary body protector offers the optimum level of protection, it is important that it fits correctly.

WHAT YOU NEED

- A soft fabric measure tape with inches or centimeters. Don't have one? You can download and [make your own here](#). All you need is a pair of scissors and clear tape.
- A chair with a hard seat.
- A friend to help.
- Wear a T-shirt

HOW TO MEASURE

This vest requires measurements of the chest, waist and spine. Remember, these vests are designed to fit snugly. If your measurements fall between sizes, the best fit is usually the smaller size.

Chest: Under the arms at the widest part across the chest to a snug fit.

Waist: At natural waist.

Spine: Sit in the chair. Measure from the base of the neck to chair. Subtract 2 inches or 5 cm from that measurement which will ensure the vest does not interfere with the saddle while riding.

PUTTING ON YOUR VEST

- Each time you put on your Eventer Series vest, make sure the laces are loose to prevent undue stress on the zipper.
- Make sure the zipper is seated well and do it up.
- Adjust the laces to ensure a snug fit.
