

# WAX MELT FAQS

## ILLUMINATE B. CANDLES

### HOW DO I BURN MY WAX MELTS?

BASED ON YOUR WAX WARMER SIZE, POP 1-2 WAX MELT(S) OUT OF THE CONTAINER. PLACE YOUR WAX MELT(S) IN THE CENTER OF YOUR WAX WARMER. TURN ON YOUR WAX WARMER TO THE DESIRED SETTING. ENJOY THE BEAUTIFUL ROOM-FILLING AROMA.

WHEN FINISHED, TURN OFF OR REMOVE THE HEAT SOURCE AND THE WAX WILL SOLIDIFY UNTIL YOU ARE READY TO USE IT AGAIN.

### WILL MY WAX MELT EVAPORATE LIKE A CANDLE?

NO, YOUR WAX WILL NOT EVAPORATE LIKE A CANDLE. THE SCENT DISSIPATES INTO THE AIR PRODUCING THE ROOM FILLED AROMA.

### HOW DO I REMOVE THE WAX FROM MY WARMER?

#### TWO OPTIONS:

IF THE WAX IS WARM, GRAB A FEW COTTON BALLS AND STICK IT INTO THE LIQUEFIED WAX AND LET THE COTTON BALL SOAK IT UP.

**OR**

IF THE WAX IS COLD, WARM THE WAX UP FOR A FEW MINUTES.  
**(FYI: DO NOT WALK AWAY & FORGET ABOUT IT, IF SO, GO TO FIRST OPTION.)**  
GIVE IT ENOUGH TIME TO WARM THE BOTTOM OF THE WAX.  
SLIGHTLY TILT THE WAX WARMER, THE WAX SHOULD JUST SLIDE OUT OR YOU CAN SCOOP IT OUT WITH A PAPER TOWEL.

### HOW OFTEN SHOULD I CHANGE MY WAX OR WHEN SHOULD I CHANGE MY WAX?

ONCE YOU REALIZE YOU CANNOT SMELL YOUR WAX MELT ANYMORE, CHANGE OR ADD A NEW WAX MELT.

### CAN I TOUCH THE WAX IN THE WARMER?

WE GET IT, IT LOOKS FUN, BUT WE RECOMMEND FOR YOU NOT TO DO SUCH A THING. HOWEVER, IF YOU DO, ILLUMINATE B. CANDLES IS NOT RESPONSIBLE FOR THE CONSEQUENCES OF YOUR ACTIONS.
