

The Flavia

- Lighting Collection

Flavia, black base (lit base) with satin shade "Satin Plata".

UK distributor:
www.interiorlivinggroup.com

About

Interior Living Group is proud to represent the The Flavia Lighting Collection, designed and manufactured in Barcelona. The Flavia Lamp (image to the left) has a sleek and timeless design, appropriate for various styles, traditional, contemporary and scandinavian interiors. The lamp is made from handblown opalglass and has a selection of beautiful handmade shades in silk, linen and velvet. Or use your own fabric for a completely unique look. Inside the glass base is a G9 LED bulb and once turned on it creates a beautiful subtle amber glow, in the black glass base. The E27 bulb at the top of the neck serves as the main light, when switched off, only the base will be lit, doubling up as a great night or ambiance light. This gives you the option to have two light sources, giving the lamp very different appearances depending on which part of the lamp is switched on or off. The Flavia Collection started with just one lamp in 2009, T but has over time grown into a large collection of lighting to suit any interior, residential or commercial.
