Livenza Air Fry Oven, 3 Heating Areas, Digital Display

The De'Longhi Livenza Air Fry Convection Oven lets you broil, bake, roast, and now air fry with ease while eliminating the need and excess energy and heat of your full-size oven. The Power convection system creates quick, crispy, golden results every time with little to no oil thanks to precise heating elements and a fan that rapidly circulates hot air evenly around your food. Meanwhile, the Heat Lock System maintains the temperature inside while emitting up to 30% less heat off the glass door compared to the leading brand of countertop ovens. This beautifully engineered design has convenience and precision in mind, featuring nine preset functions that take the guesswork out of cooking. It's spacious enough to feed family and friends, fitting a whole chicken or pizza, yet sleek and compact enough to fit nicely on the countertop. Cleanup is a breeze thanks to the nonstick, scratch-resistant interior. With the Livenza Air Fry Convection Oven, you can air fry and make all your favorite foods in a convenient and compact footprint.

- **A HEALTHIER WAY TO FRY:** Creates quick crispy golden results every time with little to no oil thanks to precise heating elements and a fan that rapidly circulates hot air evenly around your food
- **HEAT LOCK SYSTEM:** Maintains the temperature inside while emitting up to 30% less heat off the glass door compared to the leading brand of countertop ovens
- **PREHEATS UP TO 60% FASTER:** Saves times and energy when compared with the average 5-cu. ft. conventional range oven.
- **SEE WHAT'S COOKING:** An internal light helps you keep an eye on your dishes
- **9 PRESETS FOR PRECISION COOKING:** Whether you want to make a pizza or bake cookies, nine presets help take the guesswork out of cooking
