### SIGNATURE FEATURES

#### Multiple Convection Modes

Both versatile and quick, this multi-functional convection microwave offers the possibility to ConvecBake and Convec Roast.

#### 10 Power Levels

Unrivaled flexibility to tackle a variety of foods with 10 differing power levels.

#### Sensor Cooking

By detecting vapor emitted from food, the microwave adjusts cooking times and power levels accordingly.

#### LED Cooktop Light

Conveniently placed cooktop light provides visibility while you work your way around the kitchen.

#### Ventilation Fan

A 300-CFM two-speed venting system doubles as a hood by removing smoke, steam, and odors from your kitchen.

#### Auto-Cook Menus

Utilize the pre-set cooking menu to easily defrost, melt, or soften your food.

#### Child Safety Lock

Prevent your microwave from being accidentally turned on with the child lock.

#### Turntable Control

Choose when to rotate the turntable to best accommodate your preferred food.
