SIGNATURE FEATURES

LED Cooktop Light

Conveniently placed cooktop light provides visibility while you work your way around the kitchen.

10 Power Levels

Unrivaled flexibility to tackle a variety of foods with 10 differing power levels.

Sensor Cooking

By detecting vapor emitted from food, the microwave adjusts cooking times and power levels accordingly.

Kitchen Timer

Make good use of your time as your food as it cooks, as a built-in timer will alert you when your meal is done.

Ventilation Fan

A 300-CFM two speed venting system doubles as a hood by removing smoke, steam, and odors from your kitchen.

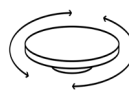

Auto-Cook Menus

A built-in setting which automatically calculates cooking time and power levels for your favorite foods.

Child Safety Lock

Prevent your microwave from being accidentally turned on with the child lock.

Turntable Control

Choose when to rotate the turntable to best accommodate your preferred food.
