

DeLonghi / ECP3630

15-Bar Pump Espresso and Cappuccino Machine, Adjustable Advance

The De'Longhi 15-bar pump espresso and cappuccino machine brews authentic Barista quality beverages just like you enjoy at your favorite coffee house. The professional 15-bar pressure and self-priming operation assures quality results every time with minimum start-up preparation. With two separate thermostats for water and steam pressure are controlled separately so you can make espresso or cappuccino at the perfect temperature for both. De'Longhi's advanced cappuccino system mixes and steams milk to create a rich, creamy froth for evenly textured drinks. Plus, the stainless steel boiler is made of quality stainless steel so you can count on quality beverages for years to come.
