### Frothing Pitcher

Brushed stainless steel milk frothing jug (12 oz/350 ml), suitable for all milk types. Achieve perfectly frothed milk with any of our traditional pump espresso or fully automatic machines. Finished in a luxurious brushed stainless steel, this little jug is the perfect accessory to use when steaming or frothing milk because you can feel the temperature on the underside of the jug whilst frothing.

- This Frothing Jug is an essential accessory to any manual or automatic espresso machine owner, allowing the creation of a smooth milk foam to make the perfect cappuccino, latte, or macchiato.
- Made in Italy of polished Stainless Steel
- 350 ml capacity
- Narrow spout to create latte art
- Dishwasher safe
- The essential Juicer Accessory gives a refreshing feel with Pitcher to your kitchen, every time
- The beautiful Brushed Stainless Steel color infuses an adequate appearance
- Its dishwasher safe feature minimizes your cleaning efforts
- Dishwasher safe
