

DeLonghi / COM530M

Digital All-in-One Combi Coffee/Esspresso with Manual Steam Wand

Unleash your inner barista while creating smooth drip coffee, traditional espresso, or perfect cappuccinos at home with De'Longhi's All-in-One Combination coffee and espresso machine. All-in-One Combination machines combine the technology of espresso, steam, and drip coffee machines to give coffee lovers the best of both worlds. If you don't want to give up drip coffee, but can't live without cappuccino, a stylish 3-in-1 combination coffee espresso machine is the perfect choice. See, you can have it all!

- All-in-One combination machine prepares drip coffee, 15-bar espresso, and milk frothing for perfect cappuccinos
- Dual Heating System allows you to brew coffee and espresso simultaneously - no wait time
- Digital touch user interface is easy to use and keep clean
- **Espresso Features**
- Italian 15-bar pump brews authentic espresso at the optimal pressure for rich flavor
- 2-in-1 crema filter holder for ground coffee and ESE pods
- Improved drip tray to accommodate Cappuccinos and Lattes
- Easily prepare lattes and cappuccinos with the Advanced Cappuccino System's advanced frothing wand
- **Drip Coffee Features**
- Front-loading easy access to all the main features for drip coffee
- 24-hr programmable digital timer for drip coffee with auto shutoff (10-cup capacity)
- Bold setting can be customized to your preference with the touch of a button
- Gold tone permanent V-shape filter
- Spill-proof carafe with warmer to keep coffee hot after brewing
