Livenza Deep Fryer, Adjustable Thermostat, Removable Basket

With the De'Longhi Livenza deep fryer it's easy to gather your friends and family for meals and snacks. The digital timer allows you to accurately set and monitor cooking time for perfectly fried food. With dual-zone technology, the removable heating element is in direct contact with food for fast, crispy results and the "cool zone" located beneath the heating element, prevents food particles from burning. The lower temperature of the cool zone extends the use of oil by 20% – which amounts to a considerable cost savings. When it is time to change the oil, leftover oil is quickly and easily removed with the EasyClean draining system. Plus, dishwasher-safe parts allow you to enjoy stress-free cleanup. Whether it's the enticing aroma of crispy French fries, or the mouthwatering fragrance of homemade donuts, every indulgent treat you prepare will be delicious. And, with its large capacity, be prepared for lots of company!

- Deep fryer with 1-gallon oil capacity and dual-zone technology (1.3 lbs. food capacity)
- Adjustable digital thermostat with indicator light and digital timer for perfect results
- Removable heating element is in direct contact with food for fast, crispy results
- Less oil is absorbed into food, leaving you with light, crispy, mouthwatering bites
- Larger cool zone keeps oil cleaner with less odor, extending oil use by 20%
- Viewing window and permanent anti-odor filter built into lid
- Cool-touch removable handle to lower and lift frying basket
- Removable, rectangular frying basket transports your food from fryer to plate
- Oil cycle counter informs you when it is time to change the oil
- Leftover oil is quickly and easily removed with the EasyClean draining system
- Removable fry bowl, fry basket and lid are all dishwasher safe
- Detachable cord with patented condensation shield
- Solid stainless steel construction is equally matched by our durable design
