Livenza Convection Oven, 3 Heating Areas, Digital Display

The De'Longhi Livenza convection oven gives you the power and range of a conventional convection oven to prepare the finest foods with ease, right on your countertop. The Triple Pro Surround Cooking System (SCS) features three heating areas – upper and lower plus one around the fan – to create a unique “M” shaped design to help distribute heat evenly and efficiently. With 4 different cooking levels and the ability to cook on 2 levels at once using the rack assist guide, the 0.85 cu. ft. (24-liter) capacity allows you to make multiple recipes without ever having to turn on your traditional, full sized oven. Plus, the Livenza Oven's unique advanced insulation maintains an accurate, consistent cooking temperature on the inside, while staying cooler on the outside. Roast, broil or bake your favorites including a whole chicken and pizza with the precision of convection cooking for perfectly prepared meals, every time.
