

DeLonghi / KG521M

12 oz. Conical Burr Grinder w/14 cup Grinding Capability, LCD Display

The rich fragrance of freshly ground beans holds the promise of an exceptional cup of coffee. De'Longhi's Dedica conical burr grinder has 18 variable grind settings for espresso, drip, pour over and French press coffee so you can customize your grind like a professional. Grind a single espresso directly into the portafilter, or grind up to 14 cups and keep them fresh in the included storage container.

- Stainless steel conical burr grinder with ability to customize cups, grind size and strength
- Choose from 18 different settings for Espresso, Drip, Pour Over, and French Press coffee
- Digital LCD display readout for easy customization
- Grind into storage carafe or directly into espresso portafilter
- 12-ounce capacity transparent bean hopper with lid
- 14-cup capacity transparent ground coffee container with lid
- Portafilter adapter storage
- Removable upper Burrs for easy cleaning
