## FEATURES & BENEFITS

- + **Touch Glass Control Panel** - Touch glass control panel offers a high-end, seamless look and easy to clean surface.
- + **White LED Display** - White LED display is easy to read and displays time and functions for a smooth and enjoyable cooking experience.
- + **Multiple Cooking Modes** - Convection bake allows for faster cooking times and even heat distribution as the internal fan circulates the oven's heat evenly and continuously. Convection roast mode surrounds the meat with heat on all sides, similar to a rotisserie - sealing in the juices quickly for moist and tender results.
- + **Hidden Bake Element** - The bake element is hidden under the floor of the oven creating a seamless look and eliminating hard-to-reach areas that collect food and spills, making the oven easier to clean.
- + **Large Oven Capacity** - Large 4.8 cu. ft. oven capacity is ideal for family meals and offers you the flexibility you need to make dishes of all sizes.
- + **Stainless Steel Exterior** - Exterior stainless steel and glass finish offers a professional look and easy to clean surface.
- + **Power & Control** - 3500W top heater and 3000W bottom heater give you power and control while cooking anything from large family feasts to a delicate gourmet dish.
- + **Self-Cleaning Function** - Self-cleaning function provides quick and efficient cleanup and maintenance of the oven.
- + **Easy-to-Clean Interior** - Blue enamel oven interior is designed for high temperature resistance and easy to clean.
