1. SATISFACTION IN EVERY CUP

With Braun's innovative PureFlavor system, your coffee is made at the right temperature and the right brewing time to extract the best coffee flavor and aroma.

2. KEEP THE FLAVOR INSIDE

The unique carafe lid seals in the fresh flavor by minimizing air exposure and the anti-drip system lets you pour with precision – any time during the brewing cycle.

3. CONTROL AT YOUR FINGERTIPS

Regular or bold, the strength function* allows you to personalize each pot, just the way you like it.

*Not available on the KF7000BK model.

4. WAKE UP TO A FRESH POT

Reliable clock with a fully automatic 24-hour programmable timer means your much-needed first cup of coffee will be waiting for you when you want it.

5. EASY OPERATION

The digital control panel buttons are displayed in the same way you read – from left to right.

6. SMALL IN SIZE, BIG IN FLAVOR

The streamlined design and fully enclosed carafe help minimize wasted space while maximizing your coffee experience. The condensation drip tray ensures the water stays where it belongs – inside the coffee maker.

Savor a world of
flavor and aroma.
