

MQ5064 WHBL Spiralizer

One hand design – simply adjust the speed wheel with your thumb. With 21 different speeds + turbo to choose from, precise speed setting guarantees precision.

With the 400 watt powerful motor, you can spiralize even hard ingredients up to 35% faster than stand-alone spiralizers.* **Test run by independent institute among the best-selling stand-alone spiralizers, May 2018.

Extra milling blade delivers more cutting per rotation and blends large pieces of food with less effort

The unique floral bell shape and the position of the blades inside the bell virtually eliminate splashing, making cleanup easy.
