

# Dundalk Leisurecraft Cedar Sauna Cove Assembly Instructions

Line up cove pieces starting with smallest pieces on ends and working towards the middle forming a semi circle. Place 2 1/2" screws in pre-drilled holes to assist in assembly of cove.

Center the 2 middle cove pieces under lip of sauna. Cove pieces should be tight to sauna wall.

Secure with 2 1/2" screws from underneath

Screw 2 1/2" screws into pre drilled holes on end to secure cove pieces together.

Continue to build from the middle until cove is complete.

***Congratulations on the assembly of your  
Dundalk Leisurecraft Sauna Cove!***
