Groundz

Triple 6^{1/2}
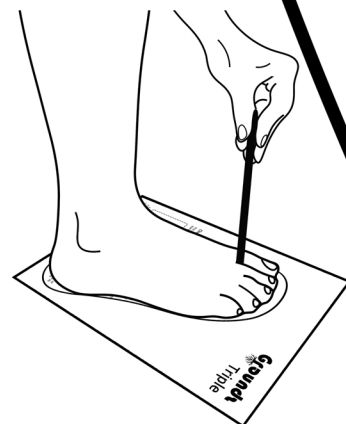

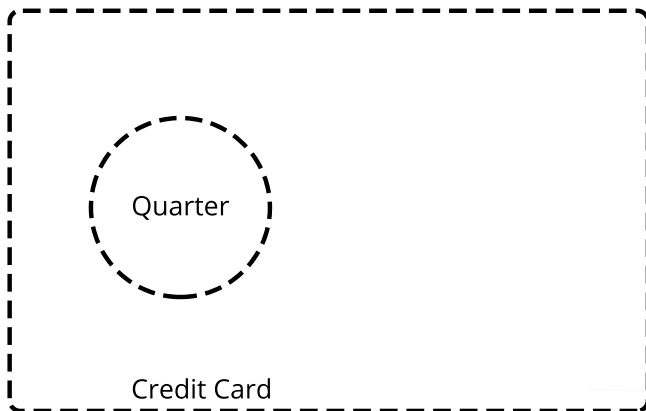

Pencil goes here ⟵

Instructions:

1. Check the size accuracy of this printout to the left.

2. Place this page on a hard, flat surface.

3. Place the end of the pencil on the dot above.

4. Slide your foot onto the outline with the pencil between your large toe (just like putting on a flip-flop ☺).

5. Check the front and back of the foot to make sure it's a good fit!

Check Print Accuracy:

Print at 'actual size' or 100% scale. Use a credit card, quarter or ruler to check if printed correctly.
