

AN EVENING TO REMEMBER! OUR READERS' CHOICE AWARDS 2019

NATURAL HEALTH / A HEALTHY LIFESTYLE READERS' CHOICE AWARDS 2019

Part of the famed PJ mall Atria was lit in glamour and prestige on the 21st of February as representatives from winning brands stepped up to the stage to claim their well-deserved Award for products and services related to the health and beauty industry. The 2019 Natural Health Readers' Choice Awards in collaboration with A Healthy Lifestyle magazine touched its 9th year of holding this prestigious recognition of excellence for the brands that make up our ever evolving and demanding health and beauty products/ services industry. The response this year from our readers was truly spectacular and beyond expectation.

The event kicked off as soon as our emcee for the evening, Ms Anita invited editor Cindy Fernandez to give away the Awards for the first half of the ceremony. For the other half, Ms Esther Choi, the editor of A Healthy Lifestyle did the honours. The ceremony was fired up with excitement and gratification as one by one, our esteemed winners were handed over their respective Award which included a Certificate and Trophy. Apart from the entire ceremony being recorded on video, each winner was also invited for a short video shoot to express themselves upon emerging the best among the best. Needless to say, it was an evening to remember!

Guests at the event had opportunities to try out products at booths set up in conjunction with the ceremony. There were beauty products, water purifiers, special shoe pads, a hair removal system, a one of a kind rice cooker and more to try and also to inquire upon. Attendees even had a chance to experience a relaxing massage carried out at the Sentuh booth.

We at Natural Health would like to thank our readers for their participation in this year's Awards, and to our winners, a big, hearty Congrats!

Our Winners:
