

## TUSCANY

### 70053 Tuscany TV Lift Cabinet

With the same distinctive design qualities as the Brookside, the Tuscany offers Touchstone's signature TV lift technologies outfitted in a classy burnished espresso finish. The striking contrast between its deep brown tone and its frosted glass cabinet doors will instantly become the focal point of any room in your home. Thanks to the semi-transparency of the Tuscany's frosted cabinet doors, you can access your electric components within via remote control without interference. The Tuscany also features a touch sensor light within the cabinet to create an illuminated display and sliding panels in the rear of the cabinet for easy access to TV wires and connections.

The Tuscany accommodates flat screen TVs up to 60" diagonal and its TV lift can lift your flat screen up to 33" from the depths of the cabinet. Installing your Tuscany cabinet is simple and hassle-free, especially with the help of our professional installers. Order your Tuscany TV Lift cabinet today to add the perfect combination of sophistication and utility to your home.
