## ELLIS TRUNK

### 73007 Ellis Trunk TV Lift Cabinet

The Ellis Trunk is one of our most popular TV lift cabinets that really shows its versatility in just about any room in the house. Old World style meets modern technology in this steamer trunk styled show piece. The rich leather exterior in an aged cigar hue, artfully weathered and worn makes this TV lift cabinet a timeless piece for the home. The trunk features leather strap details and rugged hand-hammered grommets to lend an old world appeal to the modern technology housed inside. A treasure piece that is ideally suited for an end of bed location, bringing a unique and evocative styling to your bedroom decor.

The Ellis Trunk is finished on both sides allowing you the freedom to use it as an end of bed cabinet or the focal point of your entertainment center in a living room, man cave, den, family room, or study. The cabinet comes equipped with a built-in shelf for components that rises with the TV and delivers the ultimate bedroom theater experience.
