

Freestanding **FIRE PITS**

Stone Lotus Landscapes, Australia
Model: Mix 600
Photographer: Creative Events Photography

ecosmart[™]
Fire

The Grounds, Alexandria
Model: Stix

Stix consists of varying-sized tubular stainless steel 'sticks', creating a visually striking and practical fire for indoor and alfresco environments.

“The EcoSmart Stix fires are very visually effective on their own, but they are even more so when placed together in a group.”

REBECCA OTTO
SIMEONE DEARY DESIGN GROUP

Allegro Hotel, Chicago USA
Model: Stix x 3

Drama, glamour, music and movement – these are just some of the theatrical elements the award-winning Simeone Deary Design Group captured in their re-design of the boutique Allegro Hotel in the heart of downtown Chicago.

ecosmartfire.com

Stilhof Showroom, Germany
Model: Stix

Creating a cosy living space to showcase the design benefits of the EcoSmart Stix is the premise behind the Stilhof Showroom in Munich.

Private Residence, Japan
Model: Stix

What looks like stacked campfire sticks is actually a sophisticated piece of fire furniture.

New American Home, USA
Model: Stix x 2

Making a distinctive architectural statement can be as simple as adding a freestanding fire.

(Featuring: Optional Fire Screen)

The Grounds, Sydney Australia
Models: Mix Fire Bowls

Mix's simple, elegant shape combined with entrancing flame delivers generous amounts of warmth and ambience.

Interior Blossoms, Australia
Model: Mix 600

Blending the simplicity of an outdoor fire pit with classic luxury, EcoSmart Fires' Mix Fire Bowls will be the centre of attention at every gathering.

Hatch Style, New Zealand
Model: Mix 850

Created for courtyards, patios, pool decks and terraces, the all-weather, earthy design delivers the ambience of an open fire minus the mess, odour, sparks and soot.

WHY e-NRG FUEL?

BEST FLAME CLEAN BURNING LOWEST ODOUR LONGEST BURN TIME ORDER ONLINE

Achieving a beautiful, vibrant flame in your ethanol fireplace is easy when you use the right fuel.

Bioethanol is pure alcohol. The combustion of bioethanol is clean, which makes it an efficient and effective source of heat because there is no soot, ash or harmful emissions that need to be extracted through a flue - meaning all the heat stays in your room.

Specifically packaged and labelled for use in liquid ethanol fireplaces, e-NRG Bioethanol is formulated with the perfect blend of ingredients to give you a brilliant orange flame in your flue-less fireplace.

Fire up your bioethanol fire with the highest quality, cleanest burning bioethanol available, visit e-NRG.com

Clean Burning
e-NRG produces no harmful emissions - just heat, steam and carbon dioxide, which is reabsorbed by plants.

Fast Refilling
e-NRG bottles pour 8 times faster than the competition.

Packaged to Perform
e-NRG offers the safest and most efficient fueling process on the market.

Flame Arrester
The bottles are fitted with a flame arrester for safe refilling.

e-NRG is supported by an operational procedure to ensure it's used in the safest way.

Timeless Pieces from EcoSmart Fire

EcoSmart fire features are synonymous with quality, substance and enduring style and now those same qualities can be applied to our extensive concrete collection.

Incredibly strong yet relatively lightweight, EcoSmart's concrete products incorporate revolutionary Fluid™ Concrete Technology, which is eight times the tensile strength of common Portland concrete. Fluid features a stain and impact-resistant barrier that protects the concrete from environmental weathering – even under extreme conditions and long UV exposure.

Fluid's customised curing process allows each EcoSmart piece to rest and set in quality controlled conditions, producing a consistently beautiful indoor and outdoor collection of designer concrete that last longer than traditional composites.
