

A modern take on the traditional

ecosmart⁺
Fire

Transforming a traditional wood fireplace into a contemporary, eco-friendly bioethanol fireplace is simple with the EcoSmart Fireplace Grates.

Grate 36
W 914 x D 330 x H 156 (mm)
W 36 x D 13 x H 6.1 (in)

Grate 30
W 762 x D 330 x H 156 (mm)
W 30 x D 13 x H 6.1 (in)

Grate 18
W 457 x D 406 x H 200 (mm)
W 18 x D 16 x H 7.9 (in)

Available in three different sizes, the Fireplace Grates bring new life to old and unused fireplaces thanks to their use of clean burning e-NRG bioethanol. The ventless and self-contained Grate Series can simply be slipped into pre-existing fireplaces and lit within minutes. Made from durable Fluid Concrete, the convenient Grate Series complement traditional and contemporary fireplaces alike*.

A great way of rekindling a closed off open fire, or perhaps creating a unique fireplace feature - without the fuss.

*Suitable for installation into existing masonry settings only after a licensed plumber has disconnected the existing gas supply.

Bioethanol Fireplace Grates are clean burning. They don't produce any smoke, soot or flying embers. This makes them safer than wood burning fireplaces.

Grate 18

Versatile and durable, elegant and superbly styled, functional and fabulous – the EcoSmart Fire Grate 18 makes transforming a traditional wood fireplace into a contemporary, eco-friendly ethanol fireplace so simple.

Grate 18 has the smallest footprint in the series. At its centre is the powerful EcoSmart Fire round AB8 Burner delivering a mesmerising flame for up to 11 hours.

Heats on Average: 60m² [646ft²]
Minimum Room Size: 116m³ [4097ft³]
Average Burn Time: 7 - 11hrs

Grate 30

Designed to complement conventional hearths and custom spaces - its bold appearance and elegant flame make it ideal for reinvigorating an old, disused fireplace. And it's equally at home in both modern and traditional settings.

Slightly shorter in length to Grate 36, Grate 30 is available for smaller fireplace setting. It accommodates the EcoSmart Fire XL500 Burner which is perfect for those looking to incorporate a long flame style into a compact setting.

Heats on Average: 40m² [431ft²]
Minimum Room Size: 80m³ [2825ft³]
Average Burn Time: 10 - 13hrs

Grate 36

Grate 36's bold appearance and long elegant flame make it the ideal choice for bringing life back to an old unused fireplace.

Designed for those looking to make an impact when designing a fireplace, Grate 36 is sturdily constructed from Fluid Concrete Technology in a modern graphite concrete colour, and accommodates the XL700 Burner.

Heats on Average: 50m² [538ft²]
Minimum Room Size: 90m³ [3178ft³]
Average Burn Time: 9 - 12hrs
