Available  
with Realogs®

Available  
with Acrylic Ice

### Additional Open Storage Option Models

**OS** Includes an additional open storage shelf and a fully-finished cabinet where the firebox is normally placed. These models are available without a firebox or provide both options when they are purchased with a firebox.

### Fully Assembled and Fully Assembled Cabinet Definitions

**FM** Fully Assembled models come out of the box ready to use after the protective materials have been removed.

**FC** Fully Assembled Cabinet models require that only the legs be attached, the main cabinet is otherwise fully assembled.

### Cord Management Definitions

#### **CM** Front-And-Center™ Cord Management

Firebox loads from the front and cords all feed to the center opening for easy access and installation of home electronics - an exclusive Dimplex feature.

#### **SC** Standard Cord Management

Models without 'Front-and-Center' designation include various cut-out locations that allow the pass-through of cords behind the unit where discrete connections can be made.

 For more information on Sound Bar selection, see sales representative
