

MULTI-SIDED SERIES

Direct Vent Gas Fireplaces

Available IntelliFire®
app and voice control

CREATE WARMTH AND COMFORT IN MULTIPLE SPACES

Above: See-Through shown with Firescreen front, reflective black glass interior panels and contemporary kit with Crystal glass media

Multi-Sided Direct Vent Fireplaces

The see-through, pier and corner unit fireplaces create a one-of-a-kind fireside experience. These multi-sided fireplaces provide warmth and comfort to multiple spaces with one unit.

Customize your see-through or pier fireplace with interior options, or opt for the contemporary look of flames rising through your choice of crushed glass media.

Right corner fireplace with decorative Firescreen front

Technology

IntelliFire Touch® Ignition System IntelliFire Touch is our most advanced intermittent-pilot ignition (IPI) system, making operating your appliance simple, smart and safe. Select the IntelliFire app, touch-screen remote control or wireless wall switch for the solution that fits your lifestyle.

Direct Vent Technology Direct Vent fireplaces remove 100% of combustion exhaust and odors from your space. These sealed fireplaces provide optimal heat, conserve energy and ensure clean indoor air quality.

Power Venting Fireplaces aren't just for exterior walls. A fan-powered accessory with slim venting can zigzag throughout your home – up, down, over or under – making it possible to install a gas fireplace virtually anywhere.

Additional Options Not Pictured

- Fan kit extends the heating range of your fireplace
- A selections of mantels, surrounds, and shelves available at MajesticProducts.com

* Not available on corner models
