

READY-TO-FINISH FIRE PIT COLLECTION

PERFECT FOR CUSTOMIZATION

Ready-to-finish fire pit enclosures are made from Hardiebacker® fiber cement board and G90 marine-grade galvanized steel framing. These can be finished on-site to match your landscaping, hardscaping, or exterior design with granite, stone, stucco, or Supercast Concrete tops. Save time on your project but still customize the look to fit the surrounding patio and landscaping design. Choose a UL Listed Crystal Fire Plus Burner (sold separately) to complete the stunning look.

FEATURES:

- Available in Round, Linear, and Square shapes
- Made using G90 marine-grade galvanized steel framing and Hardiebacker® fiber cement boarding
- Fire pit opening enclosure is lined with #304 stainless steel
- Includes 2 vents pre-installed and a cut-out for a control panel (control panel sold separately)
- Burner and ignition controls sold separately
- Can be used for liquid propane or natural gas installations – hard-pipe installation recommended
- Access Door conceals standard 20 lb. propane tank in base for 40" and 60" models
- Most ship in one piece with drop-ship option available
- Custom bases for use with Direct Spark Ignition (electronic ignition) must be at least 13" tall for use with round burners, and 16" tall for use with linear or square burners
- UL Listed, Made in USA
- Contact sales@outdoorrooms.com for information on custom sizes
