HLWA infrared heaters

HLWA Infrared heaters provide a safe and efficient heat source with both 110/120V and 220/240V options. With IP55 or IP66 ratings these are ideal for any outdoor situation. With a range of styles, lamp options and wattages available there is an HLWA model to suit every application. With a long lamp life, low running costs and minimal energy wastage, they offer one of the most cost effective heating solutions on the market.

C

US
