

VENT-FREE GAS LOGS

Superior
FIREPLACES®
Our name is our promise.

SUPERIOR GAS LOGS elevate the traditional log and fire presentation to a much higher level. The combination of authentic looking hand-painted logs with a massive fire and ember bed allows you to have it all. Elegant design, versatility, quality construction, beauty and warmth — a perfect fit for every home.

GLOW-RAMP Series 4-5

- Glowing Middle Log & Ember Bed
- 1 Concrete & 1 Ceramic Fiber Log Sets
- Millivolt, Variable & Electronic Controls

TRIPLE-FLAME Series 10-11

- Deep Flame Pattern & Glowing Embers
- 2 Concrete & 1 Ceramic Fiber Log Sets
- Millivolt, Variable & Electronic Controls

MEGA-FLAME Series 6-7

- Massive Logs, Flames & Glowing Embers
- 2 Concrete Log Sets
- Millivolt, Variable & Electronic Controls

DOUBLE-FLAME Series 12-13

- Dancing Yellow Flames
- 2 Concrete & 2 Ceramic Fiber Log Sets
- Manual & Millivolt Controls

MEGA-FLAME Outdoor 8-9

- Stainless Steel Burner & Grate
- 2 Concrete Log Sets
- Millivolt & Electronic Controls

MULTI-SIDED Series14

- Perfect for Multiple-Opening Fireplaces
- 1 Ceramic Fiber Log Set
- Millivolt Control

Things to Consider When Selecting Your Superior Vent-Free Gas Logs

Superior offers an extensive line of vent-free gas log sets in a variety of styles and sizes. Use the guidelines below to help you choose your great-looking set of Superior gas logs.

VENT-FREE OR VENTED APPLICATIONS

- Vent-Free Gas Log Sets can be installed in any certified vented fireplace or any ANSI Z21.11 certified vent-free universal firebox
- Vent-Free Gas Log Sets with Manual, Millivolt or Variable Controls are also listed to the ANSI Z21.60 Vented Log Decorative Standard, which requires the GA6080 damper clamp accessory

SAFE, CLEAN AND EFFICIENT OPERATION

- Clean and reliable heat without the worry and inefficiency of vented gas logs or burning wood
- Dual purpose Oxygen Depletion Sensing (ODS) safety pilot system protects against oxygen depletion and any interruption in the fuel supply
- Vent-Free Gas Log Heaters are designed and certified by PFS Corp. and meet or exceed all regulations and safety performance standards
- Meet or exceed nationally recognized standards/guidelines for indoor air quality

VARIETY OF CONTROLS TO CHOOSE FROM

Available control types vary depending on the Vent-Free Gas Log Series you choose.

Manually Controlled Models

- Continuous ODS safety pilot with matchless push-button ignition
- Manual on-off and variable high-low flame height control

Millivolt Controlled Models

- Continuous ODS safety pilot with matchless push-button ignition
- Manual on-off and variable high-low flame height control
- Remote control ready to accept a variety of optional hand-held remote and wall controls

Variable Controlled Models

- Continuous ODS safety pilot with matchless push-button ignition
- Manual on-off and variable high-low flame height control
- Includes remote control with digital display, manual or thermostatic modes and 5 flame height settings

Electronic Ignition Controlled Models

- Fuel saving electronic intermittent ODS safety pilot with battery back-up
- Manual on-off and 2 position high-low flame height control
- Includes remote control with digital display, manual or thermostatic modes and 3 flame height settings (Outdoor remote varies)

CONCRETE OR CERAMIC FIBER LOGS

Available log types vary depending on the Vent-Free Gas Log Series you choose.

- Concrete logs are highly detailed with the wood grain texture, look, feel and color of real wood logs
- Ceramic Fiber logs produce a realistic glow reminiscent of charred logs and burning coals in a real wood fire

FINISH WITH OPTIONAL ACCESSORIES

- Hand-held remote control, wall switch and wall thermostat kits
- Decorative volcanic stone and floor media kits
- Pine cones, log scraps and control cover kits
- Fireplace hood for mantel shelf protection
- Gas appliance connector kit and damper clamp

WARRANTY

- All models include the Superior 3-year limited warranty

IMPORTANT CONSIDERATIONS: Read Owner's Manual before using. Installation must be done by qualified service persons. Check local codes and ordinances for permitted uses. Vent-free gas products are prohibited for bedroom and bathroom installation in Massachusetts. All products approved for manufactured (mobile) home installation. We reserve the right to amend product specifications without notice. Operating heater at very high elevations could cause nuisance outages. Use with adequate air (ventilation) only. Humidifies while it heats. Provides water vapor in the area heated (Refer to owner's manual). Product cannot be converted between fuel types.

GLOW-RAMP Series

EXCLUSIVE FEATURES

- 🔥 Glowing center fiber log and ember bed for wood fire realism
- 🔥 Heavy-duty grate for enhanced rugged appeal
- 🔥 Choose from concrete or ceramic fiber logs
- 🔥 Millivolt control model is remote ready for optional remote and wall controls
- 🔥 Variable control model includes ProFlame remote control
- 🔥 Electronic control model includes EcoFlow Touchscreen remote control

THE GLOW-RAMP Series provides three distinct areas of flame: dancing yellow flames in the rear, glowing logs in the center and vibrant glowing embers in the front. All models are heater rated with 99% heat efficiency and include a wood-burning grate appearance. Hand crafted with high-definition bark and split wood details, the GLOW-RAMP series logs are molded from real timber to create the essence of authentic fire wood.

MEGA-FLAME Series

EXCLUSIVE FEATURES

- 🔥 Available in a wide range of sizes from 24" to 30" to an impressive 36"
- 🔥 Highly detailed concrete logs with the wood grain texture and color of real wood logs
- 🔥 Heavy-duty grate for enhanced rugged appeal
- 🔥 Millivolt control model is remote ready for optional remote and wall controls
- 🔥 Variable control model includes ProFlame remote control
- 🔥 Electronic control model includes EcoFlow Touchscreen remote control

THE MEGA-FLAME Series boasts a triple burner to achieve the look of a real wood fire! The burner is cantilevered to produce tall flames that will not be dwarfed by its massive 19" high logs, the tallest in the industry. The MEGA-FLAME Series features two burners of bright yellow flames, plus a lower burner that creates a glowing ember bed. All models are heater rated with 99% heat efficiency and include a wood-burning grate appearance.

TRIPLE-FLAME Series

EXCLUSIVE FEATURES

- 🔥 Tall dancing yellow flames and ember bed for wood fire realism
- 🔥 Heavy-duty grate for enhanced rugged appeal
- 🔥 Choose from concrete or ceramic fiber logs
- 🔥 Millivolt control model is remote ready for optional remote and wall controls
- 🔥 Variable control model includes ProFlame remote control
- 🔥 Electronic control model includes EcoFlow Touchscreen remote control

DOUBLE-FLAME Series

EXCLUSIVE FEATURES

- 🔥 Two rows of dancing yellow flames
- 🔥 Heavy-duty grate for enhanced rugged appeal
- 🔥 Choose from concrete or ceramic fiber logs
- 🔥 Manual control model features variable high-low flame control
- 🔥 Millivolt control model is remote ready for optional remote and wall controls

THE DOUBLE-FLAME Series' unique, clean-burning design provides 99% heating efficiency, which allows you to operate the logs vent-free with the fireplace damper closed. With no venting required, there is no heat loss up the chimney. Heating vent-free gas logs means you'll never again be left in the cold with wet logs or without heat during a power outage.
