The Master Designer

From the award winning producer of the acclaimed series "Incredible Creatures That Defy Evolution" comes a new blockbuster film. Exploration Films is proud to announce the release of a new science series titled "The Master Designer - The Song." This program, hosted by Brian Corsetti, is a glimpse into the blueprint of creation revealing a dramatic story of purpose and significance all crafted by The Master Designer. This program is a two time Telly Award winner (Documentary & Nature) and has received numerous endorsements.

Intelligent Design Collection

In 1999, Illustra Media began a project that would span more than nine years, four continents, and thousands of hours of research. The objective was to create a documentary trilogy that would present the scientific case for intelligent design. These critically-acclaimed documentaries were broadcast on PBS and translated into more than 20 languages. They have inspired and educated millions and fueled an international debate on the origin of life.

Evolution's Achilles' Heels

We believe evolutionary theory has no answer to these weaknesses, once properly explained and understood. This documentary involves PhD scientists, 15 in all, and features striking footage and brilliant computer animations. All of these scientists received their doctorates from similar, secular universities as their evolutionary counterparts.

DISMANTLED: A SCIENTIFIC DECONSTRUCTION OF THE THEORY OF EVOLUTION

DISMANTLED presents fascinating evidence supported by leading, peer-reviewed scientific journals as well as interviews with several well-credentialed scientists to further illuminate how the findings from modern science are collapsing the theory of evolution and simultaneously confirming the biblical view of origins recorded in the Book of Genesis.
