emily doliner

FEATURED ARTIST

Emily Doliner is a designer and illustrator based in North Carolina. She worked as a civil engineer briefly before realizing she was bad at math. Three years and too many dollars later, Emily graduated with a degree in Graphic Design and stumbled across pattern design by chance, falling in love. Now she happily draws and designs out of her home, where she lives with her husband, two young daughters, and a cranky chihuahua named Toro. Emily finds inspiration from nature - the rocky shores of California which she used to call home and the lush green landscapes of North Carolina, where she lives now. Her goal in art and in life is to be authentic and inclusive. Emily's work has been seen in Target, TJ MAXX, Belk, Hobby Lobby, and she's very excited to add Decocrated to the list!
