## Ingredients

4 eggs

1/4 cup unsweetened almond milk

1/2 tbsp vanilla

1 tbsp cinnamon

butter

sandwich bread

## Instructions

- Warm cast iron frying pan (or any frying pan) to a low heat
- Whisk together eggs, almond milk, vanilla and cinnamon in a shallow baking dish
- Add a small pat of butter to the frying pan
- Lay your bread in the egg mixture, then flip to coat both sides. Don't leave the bread in too long or it will get soggy.
- Place the coated bread in the frying pan and cook for 2-3 minutes on each side. Both sides should be crisp and slightly golden brown.
- Repeat for 6-8 pieces of bread. \*\*If your mixture starts to run low you can add additional almond milk or another egg, just be sure to add more cinnamon too!
