

FREEMOTION.

MODEL # F501

GENESIS DSTM

AB/BICEP

CABLE STRENGTH GENESIS DS

Freemotion has combined bicep strength training with abdominal training in one dynamic machine. The Genesis DS Ab-Bicep creates a cable-based workout with aluminum swivel pulleys that target the core, upper, lower and oblique abdominals, arms and shoulders.

GENESIS DS AB/BICEP

PRODUCT FEATURES

- ① **ALUMINUM SWIVEL PULLEYS**
Because the pulleys swivel, specific muscle groups can be targeted and used to stabilize and balance the body.
- ② **MADE TO LAST**
Built tough and made to last, the Genesis DS™ Ab-Bicep can accommodate up to 400 lbs (181 kg).
- ③ **INDUSTRIAL CONSTRUCTION**
This machine is built with 11 and 7-gauge steel tubing and is electrostatically powder-coated with paint that has undergone 2,000 hours of salt spray testing.
- ④ **NATURAL MOVEMENT**
Handles move independently to create a wide variety of shoulder exercises that target abdominal and bicep muscles.
- ⑤ **CABLE TRAVEL**
Extensive cable travel allows for a full exercise flexion of 72 in (183 cm) per arm.
- ⑥ **MULTIPLE ABDOMINAL CRUNCH/BICEP CURL OPTIONS**
Engage abdominals and biceps in a wide variety of workout options including basic and oblique crunches, core rotation, and pronated, supined and hammer bicep curls.
- ⑦ **TWO ENCLOSED WEIGHT STACKS**
Protected, limited access to moving parts is safer for your members and trainers.
- ⑧ **WHEELCHAIR ACCESSIBLE** The open design of this piece makes it wheelchair accessible and welcoming to users of all fitness levels.
