

FREEMOTION

LIVEAXIS™

LOW PULL

MODEL # F702

CABLE STRENGTH LIVEAXIS™

The Freemotion LiveAxis™ Low Pull increases strength with live-sliding pulleys that follow a natural path of movement—giving progressive resistance and optimum muscle activation throughout the entire workout. Independent arm movements allow for specific exercises that target muscles in the back, shoulders and arms.

LIVEAXIS™ LOW PULL

PRODUCT FEATURES

- ① **DUAL INDEPENDENT TRACKS**
Each pulley glides up and down on an independent track—ensuring never-ending resistance and a more effective workout.
- ② **ENCLOSED WEIGHT STACK**
The protected, enclosed weight stack limits access to moving parts to better prevent accidents or injury.
- ③ **DESIGNED TO BE TOUGH**
Live-sliding pulley technology allows muscles to stay at optimum activation with never-ending resistance throughout the entire movement.
- ④ **CREATE BALANCE**
Because the pulleys on this machine swivel, specific muscles can be targeted to increase the body's stabilization and balance.
- ⑤ **INDUSTRIAL CONSTRUCTION**
Built strong with 11 and 7-gauge steel tubing, this machine has been electrostatically powder-coated with paint tested by 2,000 hours of salt spray testing.
- ⑥ **CABLE TRAVEL**
Extensive cable travel creates exercise flexion, single arm: 58 in (147 cm), two arms: 42 in (107 cm).
- ⑦ **KICK PLATES**
Strong 18-gauge, stainless steel kick plates protect this machine from wear and tear.

SPECIFICATIONS

Weight Stack	200 lbs (90 kg)
Resistance System	1 Arm- 50 lbs (22.6 kg) 2 Arms- 100 lbs (45.3 kg)
Frame and Finish	Powdercoated steel frame
Weight Stack Configuration	10 - 200 X 10 lbs (4 - 90 X 4 kg)
Cable Travel	2 Arm: 42 in (107 cm) 1 Arm: 58 in (147.3 cm)
ADA Compliant	Yes
Standard Frame Colors	Platinum Sparkle
Product Dimensions (LxWxH)	44 x 63 x 74 in (111.6 x 160 x 187.9 cm)
Shipping Dimensions (LxWxH)	57.2 x 39.1 x 72.8 in (145.2 x 99.3 x 184.9 cm)
Shipping Weight	416 lbs (188.6 kg)
Regulatory Approval	EN957, CE
