DANGER

Before using this product, please read and understand all instructions and safety warnings carefully. Do not discard this information. If the damage is caused by failure to follow the instructions, the warranty does not apply.

WARNING:

- 1.) Do not use the appliance to pick up combustion or any materials that could catch fire, such as a burning cigarette.
- 2.) Do not cover the air inlet or air outlet when operating the product, otherwise it may be deformed or catch fire due to overheating.
- 3.) Please holding the plastic part of the plug instead of pulling the power line when you try to connect or cut off the power.
- 4.) Do not pull or fold the hose forcibly, otherwise the hose may be easily deformed or damaged.
- 5.) If the power line was broken, please stop using it and contact us within the first time.
- 6.) Do not operate the appliance when charging.
- 7.) Only use our original 5V/2A adaptor when charging. Others might cause damage.
