# LETTER FROM OUR FOUNDER, DR. SCOTT WASSERMAN

Hello,

Dr. Wasserman here - I'm the CEO and Founder of Cosmetic Alchemy and the pioneer behind LiLash® and LiBrow®. After many years working in quality of life medicine, I started Cosmetic Alchemy to bring easy beautification to the masses. Upon the creation of LiLash® back in 2007, I started seeing the confidence that users were getting from simply enhancing their lashes! As a result, I became passionate about the magic of all-natural beauty, which then lead me to expanding into eyebrows with the launch LiBrow® a year later.

When developing LiLash® and LiBrow®, my goal was to create serums that would be paraben-free and made from completely vegan ingredients, without adding too much time to your daily beauty routine. Basically, I just wanted to make a product that was easy-to-use and that genuinely worked. Since launching, our formulas have never changed because, as more than a million happy users can tell you, it really works!

Making your lashes and brows look fuller naturally is possible and it doesn't have to take millions of dollars or lengthy procedures! With just 90 days of consistent use, anyone can achieve a natural, more gorgeous appearance. I'd like to invite you to visit our website to see how simple enhancing the look and feel of your lashes and brows can be with LiLash® and LiBrow®!

Join our community of users and see the beauty they have achieved by visiting [LiLash.com](http://LiLash.com), or following success stories on our Instagram (@LiLashBeauty) and Facebook.

Sincerely,

Dr. Scott Wasserman

## How LiLash® Works:

LiLash® should be used by anyone who is dedicated to improving the all-natural appearance of their lashes! The serum is applied daily to the upper eyelid, similar to a liquid eyeliner. ## LIBROW® PRODUCT DESCRIPTION

### What LiBrow® is:

LiBrow® joined the Cosmetic Alchemy line in 2008 as the first physician-formulated brow serum on the market. This intricate and unique formula is a great product for boosting sparse, over-plucked brows and provides thinning brows with a second chance at a naturally full look. Engineered around the same ingredient technology that made Cosmetic Alchemy's hero product LiLash® Purified Eyelash Serum such a success, LiBrow® conditioning serum is perfect for anyone looking to enhance the appearance of their brows.

### How LiBrow® Works:

Blended with prime ingredients that focus on nurturing and thickening the hair in the brow, LiBrow® uses a natural botanic tinting agent to create color and texture uniformity. With daily application, users may begin to notice the first improvements to the appearance of their eyebrows after just three to four weeks. After consistent use for three months, brow aficionados will begin to recognize their old brows again!

### Why customers love it:

LiBrow® is an easy-to-use product that conditions and fortifies eyebrow hair follicles to boost their appearance, fullness and texture. Consumers who crave naturally thicker brows have loved using the real magic of this product! #LiBrowWorks

### Additional product information:

LiBrow® Purified Eyebrow Serum is covered by the same 90-day money back guarantee as LiLash®. LiBrow® is paraben-free, vegan-friendly and never tested on animals.
